A MESSAGE FROM ALAN KADISH, M.D., PRESIDENT OF TOURO COLLEGE AND UNIVERSITY SYSTEMS

Alan Kadish, M.D., President and CEO

It is my privilege to welcome all of our new and returning students, faculty, and staff back to campus, as we move into the new academic year of 2016-2017.

With our new dental school in Valhalla, New York on the campus of New York Medical College, the relocation of our Physician Assistant program to 40th Street, Manhattan, and the transition of our Nursing and Speech Language and Pathology schools to their new campus at 902 Quentin Road, Brooklyn, we have demonstrated our continued emphasis on providing students and faculty with state of the art educational environments. In line with our focus on upgrading and streamlining our brick and mortar facilities, you will find that Project Enterprise's implementation of the Banner System will greatly improve your online Touro portal experience.

We hold our responsibility to ensure a safe and secure campus at Touro paramount. To achieve this important objective, and in compliance with federal and state regulations, we are providing you with campus-wide safety information. The information includes an overview of our policies and regulations, as well as brief explanations of the types of incidents typically reported on our campuses and tips on how to avoid such incidents. We are best able to maintain a protected campus environment through our shared knowledge and joint efforts. Please help us keep Touro safe and secure by taking the time to familiarize yourself with the contents of this booklet, and by remaining aware and alert at all times.

Fortunately, for the majority of us at Touro, crime has not touched our lives; however, despite our best efforts, incidents do occur from time to time. In order to ensure that our campuses are safe places to learn, study and to work, we strive to make every effort at Touro to promote an alert and well-informed campus community.

It is my hope that these improvements will help you focus on academic pursuits and will empower your educational success in a seamless and safe environment. Have a wonderful and productive year.

Touro's Campus Security Department is committed to providing a safe living and learning environment for all members of our college community. As part of our ongoing effort, we also recognize that safety begins with each one of us. The success of our campus safety programs nationwide is directly tied to community involvement. All faculty, students, and staff need to be alert and understand the basic facts about security and safety. We need to take preventive measures to ensure our safety.

We have updated our student and faculty orientation sessions with an interactive emergency training simulation, known as ALICE, which we hope will empower everyone to make smart security decisions. We will also be offering optional self-defense courses. Please keep an eye out for registration notices. I encourage everyone to take a moment to review the updated security videos on the campus security tab of the MyTouro portal, as part of our "360 Stay Safe" campaign.

In the event of an emergency and/or for general assistance, contact our office located at 500 7th Ave, 4th Floor New York, NY 10018 or at (646) 565-6134. We are prepared to coordinate with local security services when necessary. You can also always dial 911.

To speak with a live operator at any time, call Touro's 24 Hour Hotline at 1-888-Touro911 (1-888-687-6911). The Touro community uses TCAAlert to further communicate with our community. ANNUAL SECURITY REPORT

PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

The Touro College and University Systems Security Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act using information maintained by the Security Department, information provided by other College offices such as Student Affairs, Residence Life, and other Campus Security Authorities and information provided by local law enforcement agencies in the communities where Touro College and University Systems has sites.

Touro College and University Systems distributes a notice of the availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the Touro community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the campus security department or visiting the Campus Security Website or Portal Page.

This report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased, or controlled by Touro College and University Systems. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

REPORTING CRIMES AND OTHER EMERGENCIES

Campus Security encourages all students, faculty, staff, and guests to report any criminal activity, suspicion of criminal activity, accidents, and other emergencies to the Campus Security Department as soon as possible. Whenever possible the identity of the complainant will be kept confidential if requested.

We can be reached at (212) 463-0400 x 5220, via e-mail at security@touro.edu, or via our 24-hour hotline at 1-88-Touro911 (1-888-687-6911). The hotline will enable you to speak to a live operator, twenty-four hours a day, and seven days a week, to report any incidents or emergencies.

In response to a crime report, the dispatcher will refer all calls to the appropriate College authorities based on the category of the emergency. The college authorities notified includes the Senior Vice President of Administration, the Director of Security, the Director of Emergency Preparedness, and the Director of Facilities.

Additionally you are encouraged to accurately and promptly report any emergency in person to any Security Officer at your site, including when the victim elects to, or is unable to, make such a report, by phone to the Security Desk at 1-88-Touro911 (1-888-687-6911) or to the Campus Security Director. If you are located in a Student Residence Hall, you can report any incident to your Resident Director, Assistant Resident Director, or Resident Assistant at your facility.

Members of the community are helpful when they immediately report crimes or emergencies to the Campus Security Department, any Security Officer located at your site and/or any Campus Security Authority. for purposes of including them in the annual statistical disclosure and assessing them for issuing a Timely Warning Notices, when deemed necessary.

Campus Security informs complainants of all the options available to them through the College as well as with local, state, and federal agencies for dealing with offenses committed against them.

If you are located outside of the New York area, please reference the “Directory Index” section of this manual for contact information pertaining to your location. Security personnel at these campuses/ sites are responsible to forward any and all reportable incidents to the Main Campus Security Office in New York within 48 hours of the occurrence.

If assistance is required in completing and/or reporting an incident or occurrence to local law enforcement agencies, we in Campus Security, will be glad to render any assistance needed.

VOLUNTARY, CONFIDENTIAL REPORTING

If crimes are never reported, little can be done to help other members of the community from also being victims. We encourage our Touro community members to report crimes promptly and to participate in and support crime prevention efforts. We encourage victims (and bystanders) to promptly report crime to the Campus Security Department. All incidents should be reported to the Campus Security Department promptly and where applicable to the local law enforcement agency. The Touro community will be much safer when all community members participate in safety and security initiatives.

If you are the victim of a crime or want to report a crime you are aware of, but do not want to pursue action within the Touro College and University Systems or criminal justice system, we ask that you consider filing a voluntary, confidential report. Depending upon the circumstances of the crime you are reporting, you may be able file a report while maintaining your confidentiality. The purpose of a confidential report is to comply with your wish to keep your personally identifying information confidential, while taking steps to ensure your safety and the safety of others. The confidential reports allow the College to compile accurate records on the number and types of incidents occurring on campus. Reports filed in this manner are counted and disclosed in the Annual Security and Fire Safety Report. In limited circumstances, the Department may not be able to assure confidentiality and will inform you in those cases.

Anyone may call the COMPLIANCE HOTLINE at (646) 565-6000 x 55330 to report an incident. This hotline will take anonymous calls, and you need not leave your contact information.

PASTORAL AND PROFESSIONAL COUNSELORS

According the Clery Act, pastoral and professional counselors who are appropriately credentialed and hired by Touro College to serve in a counseling role are not considered Campus Security Authorities when they

are acting in the counseling role. As a matter of policy, the College encourages pastoral and professional counselors to notify those whom they are counseling of the voluntary, confidential reporting options available to them.

SECURITY SERVICES

Access to our campus buildings is a privilege extended to our faculty, students, staff, and authorized visitors. We encourage an open environment with limited constraints to ensure the reasonable protection of all members of the Touro College and University Systems community. Touro College and University Systems has contracted with a professional security guard service to maintain and monitor security at its campuses and sites. Security personnel are carefully screened before being assigned to Touro College and University Systems and supervised to ensure quality assurance. Security Officers are supervised by both their agency supervisor and the Campus Security Director.

Security Officers respond to emergency calls for service, enforce regulations, and assist in security building inspections and in fire prevention. Electronic means, such as closed circuit television, are also used to monitor activities at many College campuses.

Security Officers may detain individuals who engage in illegal and criminal actions until New York City Police Officers arrive and/ or Local Law Enforcement agencies arrive. They are empowered to enforce Touro's regulations, to investigate incidents and to apprehend those who violate Touro regulations or commit crimes on campus. Criminal violators who are apprehended are turned over to the NYPD and/or Local Law Enforcement agencies. Touro Security Officers have no power of arrest.

Security at our international sites is handled by a combination of building security and the local law enforcement agencies.

Our Security Director meets regularly with Police Commanders and community organizations to help ensure the safest environment for our campus community. Our site directors at our international sites meet with their local law enforcement agencies as needed...

LAW ENFORCEMENT RELATIONSHIPS

It is Touro's Campus Security policy to work in conjunction with all state and federal law enforcement agencies, local police agencies and emergency management organizations when applicable. In the event that a serious crime or death was to occur, Campus Security is mandated to notify the proper law enforcement agencies.

The county or country in which the crime took place would then either assume responsibility or delegate its authority to another agency to investigate the criminal matter or prescribe action to be taken.

The Security Officers have jurisdiction to operate on Touro College owned or controlled property.

Touro College and University Systems has a written Memorandum of Understanding (MOU) pertaining to the investigation of alleged criminal incidents, with the NYPD and the Suffolk County Police Department, and other locations where the College maintains a significant campus presence. Other law enforcement agencies do not honor a Memorandum of Understanding although Touro has requested them; however, they are cooperative when asked to provide the Touro community with requested information. The State police are requested through local police agencies and Touro College and University Systems has no formal relationships with any State police agency. This may mean involvement by other agencies either state or Federal at the request of the local police.

NYPD and other local law enforcement agencies monitor and record criminal activity engaged in by students, faculty and/or staff at all Touro campuses/sites and provide this information to the Campus Security Department. The information is then referred to the Dean of Students and/or Human Resources for possible disciplinary sanctions. The Security Officers, NYPD and other local law

enforcement agencies jointly patrol the campus sites and grounds where students and employees attend classes, live, and work or frequent.

REPORTING TO OTHER CAMPUS SECURITY AUTHORITIES

While the College prefers that community members promptly report all crimes and other emergencies directly to the Security Department, we also recognize that some may prefer to report to other individuals or College offices. The Clery Act recognizes certain College officials and offices as “Campus Security Authorities (CSA).” The Act defines these individuals as “official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.”

All Campus Security Authorities are required to report a crime in writing to the Campus Security Department if they have a reasonable basis for believing the information is not simply rumor or hearsay. If a Campus Security Authority is unsure whether the information was provided in good faith, he/she should report the information to the Campus Security Department. A Campus Security Authority is not responsible for determining authoritatively whether a crime took place. It is the function for Campus Security and/or Law Enforcement Personnel to determine whether a crime took place.

While the Touro College and University Systems has identified many CSAs, we officially designate the following offices as places where campus community members should report crimes:

OFFICIAL	PHONE NUMBER

THE CAMPUS SECURITY ADVISORY COMMITTEE

To further enhance security at Touro College and University Systems an Advisory Committee on Campus Security has been established.

The committee is comprised of members of the student body, faculty, and administrative staff. The duties of the committee consist of reviewing Campus Security policies and procedures and making recommendations for their improvements, specifically with regard to:

- ❖ Educating the campus about our sexual assault, bias crimes, policies, etc.
- ❖ Educating the campus about personal safety and crime prevention.
- ❖ Referring complaints to appropriate authorities.
- ❖ Responding to inquiries from concerned persons.

To inquire about participation in this committee please contact our office at (212) 463-0400 x 5220.

SECURITY AWARENESS PROGRAMS

The College provides educational programs to the Touro community to promote awareness of issues relating to Crime Prevention and safety. These programs are available to all the Touro community online via the portal. In addition, the topics are addressed during new student orientation annually and new employee orientation monthly. Lastly, seminars are held during the semester to remind the Touro community of the education received during these seminars literature is made available to all that attend. We address topics such as Personal Safety, Assault, Stalking, Identity Theft, Drug and Alcohol awareness. This year we will be

expanding our training to promote awareness and risk reduction programs related to rape, acquaintance rape, dating violence, domestic violence, sexual assault, stalking and other sexual offenses. This includes offering the Rape Aggression Defense program (“R.A.D.”). In these programs, students and employees are encouraged to be responsible for their own security and the security of others.

The institution held an average of 03 crime prevention and security awareness programs per month during the academic year.

Touro College conducted 60 programs during the 2015-2016 academic years.

Specifically, on at least an annual basis, the Office of the Dean of Students, the Vice-President of the Division of Graduate Studies, and Campus Security at each of the College’s campuses/sites provide a formal educational program to increase awareness of sexual offenses, including rape, acquaintance rape, dating violence, domestic violence, sexual assault, stalking and other forcible and non-forcible sexual offenses.

The program will include discussion of what constitutes these offenses, penalties for these offenses, definition of consent, prevention and awareness programs and ongoing prevention and awareness campaigns, risk reduction for students and faculty, safe and positive options for bystander intervention and security measures to protect against the occurrence of these offenses. The College will advertise the date, time, and content of these educational programs on posters displayed in those areas regularly used by students and employees of the College. Presentations will be made by speakers and appropriate members of the College’s faculty and staff at these educational programs.

Touro College and University Systems students and employees take great pride in our campus community and all it offers. Our campus community is a great place to live, learn, work and study, however, this does not mean that the campus community is immune from all of the other unfortunate circumstances that arise in other communities. Our nation’s campuses are safer than the communities that host them because we look out for each other. As bystanders, we play a critical role in intervening to reduce crime of all types including gender and sexual violence. Touro College and University Systems encourages this compassion and care for one another by expecting that if it is safe to intervene in a situation that a campus community member will, and if it is not safe, that a community member will contact appropriate resources (Security or 911) based upon the situation.

CRIMES INVOLVING STUDENT ORGANIZATIONS AT OFF- CAMPUS LOCATIONS

Touro College and University Systems does not allow student organizations to maintain off-campus locations, the requirements of 668.46(b) (7) of the Clery Act regulations do not apply. All individuals, whether they belong to the College community or not, are subject to all international, federal, state and local laws while on Touro campuses and sites and may be subject to criminal charges when applicable, even for first offenses. We encourage all the Touro community to report any incidents promptly to both the Campus Security department and/or your local law enforcement agencies (where applicable). The College relies on its close working relationships with local law enforcement agencies to receive information about incidents involving students and employees at all College sites.

TIMELY WARNING REPORTS & PUBLIC SAFETY NOTICES

This section summarizes Touro University’s emergency response and evacuation procedures, including protocols for emergency notifications communications in those situations that represent a significant emergency or dangerous situation affecting the health and/or safety of the college community. This policy statement complies with the Emergency Notification requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended by the Higher Education Opportunity Act of 2008 and applicable Department of Education regulations.

Critical safety information is provided under two circumstances:

1. **Emergency notifications** are near real-time information provided quickly for any life-threatening hazard. They will typically contain little detail, and will initially alert the community to a dangerous situation, provide information including where to get additional information (for example a website), and resolve or reassure the community the hazard has been controlled.
2. **Timely Warnings** are distributed for certain crimes in federally defined “Clery Act Geographies” that

represent a threat to the Touro community; the College will provide a “Timely Warning.” If a crime takes place in the areas surrounding the campus, or is not one of the federally defined crimes (for example kidnapping), we will circulate a “Public Safety Notice.”

Both types of communications are described below. Please review this information so you are familiar with how Touro will reach out during an emergency.

Campus Security will prepare a Timely Warning/Public Safety Notice when a report is received of a violent crime against a person, or a particularly threatening crime against property on campus that represents an ongoing or serious danger to the safety of students, faculty, and staff. Timely Warning/Public Safety Notices will provide details of the crime, a description of the suspect if known, and information on whom to contact about the investigation, and crime prevention tips.

Timely Warnings are typically issued for the following Uniform Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) crime classifications:

- ❖ Murder/Non-Negligent Manslaughter
- ❖ Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger Touro College community)
- ❖ Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Timely Warning Notice, but will be assessed on a case-by-case basis)
- ❖ Sexual Assault (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Campus Security Director, or designee). In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice.
- ❖ Major incidents of Arson
- ❖ Other Clery crimes as determined necessary by the Campus Security Director, or his or her designee in his or her absence.

Timely Warning Notices may also be posted for other crime classifications and locations, even though that is not required by the law, at the sole discretion of Touro College.

When Campus Security becomes aware of crimes committed off-campus being investigated by local law enforcement that may present a serious or continuing threat to the campus community, a Timely Warning/Public Safety Notice may be issued. This will be determined by Campus Security on a case-by-case basis based on the facts of the situation, the possible impact to the campus community, and the information provided by local law enforcement.

We usually include the following information in timely warnings and public safety notices.

7. A succinct statement of the incident.
8. Possible connection to previous incidents, if applicable.
9. Physical description of the suspect.

Timely Warning Notices will be distributed as soon as pertinent information is available, in a manner that withholds the names of victims as confidential, and with the goal of aiding in the prevention of similar occurrences.

Timely Warning Notices are typically written by the Department of Emergency Preparedness in conjunction with the Campus Security Department, Communications Department and our compliance department. Upon consensus of the message the Department of Emergency Preparedness will disseminate the message.

Photo or composite drawing of the suspect, if available.

1. Date and time the notice was released.
2. Other relevant and important information including prevention advice.

Campus Security may not include some known information in a Timely Warning/Public Safety Notice if providing that information could risk compromising law enforcement efforts.

Timely Warning/Public Safety Notices may be updated if new or more accurate information becomes available to Campus Security.

DISTRIBUTION OF TIMELY WARNINGS OR PUBLIC SAFETY NOTICES

Timely Warning/Public Safety Notices are distributed by Campus Security, in conjunction with the Department of Emergency Preparedness, in the following ways:

1. **TOURO WEB SITES** – Notices may be posted on the main Touro College and University Systems website, www.touro.edu. The website will be updated with information throughout the duration of any serious incident.
2. **MAIN CAMPUS EMERGENCY INFORMATION LINE, (212) 463-0400 OPTION 4** – Students and employees may call the Main Campus phone number for updated information about serious or ongoing threats to the campus community.
3. **TALERT** – Members of the campus community will receive Timely Warning/ Public Safety notifications from TAlert via voice, email, and text messaging.
4. **TOURO MASS E-MAIL** – During regular business hours, 9:00am-5:30pm, an “urgent” mass e-mail will be sent to all touro.edu email addresses. The message will provide instructions to follow during the incident, or direct individuals to the main Touro web site for additional information or instructions.

In some instances, Campus Security may distribute flyers to appropriate college departments to be posted in affected areas of the campus. After Touro locations are closed, TAlerts are sent to all Touro community members with information and instructions on any relevant situation.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

EMERGENCY PREPAREDNESS

What is Emergency Preparedness (EMP)?

There is no single item that defines emergency preparedness. Emergency Preparedness depends on who you are and where you are. For a child, EMP is about following the instructions of teachers during an emergency, knowing their name, address and telephone number, or knowing what to do if there is a fire at home.

For an adult, preparedness depends on whether or not someone is at home or at school. Is it summer or winter? Does one drive to work or take public transportation?

Each of these areas requires a different type of preparedness, so emergency preparedness is about thinking of the hazards that can threaten your safety, and developing a plan to minimize the effects of the hazard as much as possible.

The health and safety of all Touro College and University Systems students, faculty, and staff is of paramount concern to the College.

While the likelihood of a major emergency is remote, Touro College and University Systems recognizes the critical importance of being prepared and has designed a program that ensures the security of the College community in the event of a crisis.

The emergency plan identifies the College’s needs, the resources needed on hand during an emergency, and the steps needed to move forward after an emergency is resolved.

EMERGENCY DEFINED

An emergency is an unanticipated crisis that arises, posing an IMMEDIATE or an IMMINENT threat to the life/lives, safety, and/or health of students, faculty, staff, or others on any Touro campus/site.

Since such situations call for rapid, competent, and responsive action, it is helpful to review the appropriate responses to possible emergency scenarios.

There are four ways in which members of the College community can reach a representative of the College

in the event of an emergency; by contacting the emergency hotline number, 911, the security guard located at their campus/site, their Emergency Coordinator (EC) or their Emergency Evacuation Coordinator (EEC).

EMERGENCY HOTLINE NUMBER 1-88-TOURO911

If a call is placed to the Touro Emergency Hotline number, Signius, the emergency answering service has instructions to contact the directors of Security, Emergency Preparedness, and Facilities. Under certain emergency circumstances, the Senior Vice President of Operations will be contacted, as well. The service is manned 24-hours a day, 7-days a week.

CALLING 911

Touro College and University Systems has a Memorandum of Understanding (MOU) with the New York City Police Department and the Suffolk County Police Department so that the Director of Security is notified of all 911 calls that come from Touro locations. This ensures that College officials are aware of emergencies as soon as they occur.

SECURITY GUARDS

The College's contracted security guard service has instructions to contact the Security Director in the event of any calls from students or employees of the College, whether the call is of an emergency nature or not. The security guards also have instructions to contact the Security Director for any 911 calls that are placed. These procedures ensure that any issues that arise are addressed immediately, and mitigate the possibility of a small matter turning into an emergency.

EMERGENCY COORDINATORS (EC) AND EMERGENCY EVACUATION COORDINATORS (EEC)

The Facilities Manager of each building is the Emergency Coordinator (EC) for that building. The EC is responsible for maintaining communication with the Emergency Evacuation Coordinator (EEC) during emergencies. ECs are trained in fire safety egress, workplace violence scenarios and are equipped with two-way radios for instant communication with the Emergency Manager, Campus Security, and EECs.

Formerly known as fire wardens, EECs are Touro employees who recognize the importance of being prepared and have volunteered to take on the responsibility of ensuring the safety of the students and employees of the College. EECs are also trained in fire safety egress, workplace violence scenarios, and are equipped with two-way radios for instant communication with the EC and the security guards.

Additionally, ECs and EECs are trained in the Incident Command System (ICS), the system under which emergencies are handled by police, fire, and emergency services across the United States. EECs are sometimes the first line of defense during an emergency, for they respond to emergencies before local emergency services arrive.

The emergency evacuation procedures are tested at least twice each year. Students and employees learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. The Campus Safety does not tell building occupants in advance about the designated locations for long-term evacuations because those decisions are affected by time of day, location of the building being evacuated the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. In both cases, Campus Safety staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes.

Touro College has residence halls and therefore is required to do annual fire drills. We do, also, conduct building evacuation drills. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of a fire or other emergency. At Touro College evacuation drills are used as a way to educate and train occupants on fire safety issues specific to their building. During the drill, occupants 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.

GENERAL EVACUATION PROCEDURES

At the sound of a fire alarm or if you are instructed to evacuate, leave your work area immediately and proceed to the nearest exit, and leave the building. If you are the first to recognize a fire situation, activate the alarm, evacuate to a safe location using the nearest exit, and notify Campus Safety (212-464-0400 x 5220)

Police Emergency or dial 911.

1. Remain Calm
2. Do NOT use Elevators, Use the Stairs.
3. Assist the physically impaired. If he/she unable to exit without using an elevator, secure a safe location near a stairwell, and immediately inform Campus Safety or the responding Fire Dept. of the individual's location.
4. Proceed to a clear area at least 150 feet from the building. Keep all walkways clear for emergency vehicles.
5. Make sure all personnel are out of the building.
6. Do not re-enter the building.

SHELTER-IN-PLACE PROCEDURES

The Shelter-in-Place procedure is the precaution of directing building occupants to remain inside a building; either at their work/class locations or in a designated shelter room. These options can be used in two types of situations. If there is no immediate threat to the facility itself, then all occupants can remain inside. If the threat is such that an attempt to move occupants outside of the building would expose them to more danger than they would face by staying inside.

The Emergency Coordinator (EC) of a building will determine if a shelter-in-place is advised and alert Campus Security and the Emergency Manager. The Emergency Manager will mobilize the Emergency Response Team (ERT) as necessary. Building occupants will be notified via the Emergency Evacuation Coordinators (EECs) TCAAlert, PA announcement (for those locations with public address systems), and word of mouth that the building will shelter-in-place in three minutes. Once the order to shelter has been given, EECs will (a) announce to their floor occupants, "A shelter-in-place advisory has been issued. All students, employees and visitors should remain in their classroom/office until we are advised of the All Clear"; or (b) leave their current area and proceed to the emergency shelter room(s)". The EC will advise EECs which shelter option to use at the time of the shelter-in-place announcement.

Ideally, one would shelter in a room that can be secured, and with little or no windows. This includes areas such as libraries, cafeterias and assembly halls. There are two types of Shelter-in-Place; lockdown and lockout. A lockdown is a form of sheltering that is used to limit exposure to an apparent life-threatening, hostile or hazardous situation or threat. Lockdown is a classroom/office based protocol where you should lock the doors, silence cell phones, turn off the lights, close the windows/blinds and barricade the entrance. All campus buildings are locked to prevent entrance from the outside, though exit from buildings is still possible by pushing the crash bar from the inside. A lockdown is usually issued as a result of an internal threat in a building.

A lockout is a form of sheltering that is also used to limit exposure to a hostile or hazardous situation. Lockout is a building based protocol where members of the college are recovered from outside and access to the building is sealed off. Exit from the campus building is not possible; however movement within the building is permitted. A lockout is likely to occur during civil disturbances, weather emergencies or hazardous material spills.

When carrying out the Shelter-in-Place procedures building occupants should collect any supplies including cell phones, radios, flashlights, etc. that might be needed. Once sheltered, attendance of all individuals and their location should be noted and provided to the EC (via communication device) for accountability purposes. Notify the EC/EEC if your shelter has been compromised in any way or special assistance is required. During a lockdown only local emergency response personnel will be allowed in the building. Remain in your shelter location until the All Clear is given by building authorities/emergency personnel.

INSTRUCTIONS FOR SHELTER-IN-PLACE

The Emergency Coordinator, Emergency Manager or Campus Security authorities can direct on-site administration which shelter-in-place option to implement. The Emergency Coordinator will determine whether sheltering should take place in offices or pre-designated shelters within the confines of the building. The Emergency Coordinator should refer to the Building Emergency Plan (BEP) for site specific shelter locations.

Lockdown/Lockout

- ❖ Upon ordering a lockdown/lockout, the Emergency Coordinator will contact Campus Security or Emergency Preparedness to issue an Immediate Notification to the parts of the college community affected by the lockdown/lockout
- ❖ During environmental or hazardous materials incidents, the Emergency Coordinator will ensure all outside doors and windows are closed, and HVAC and air handling systems are shut down
- ❖ Campus Security will inform public safety authorities of the lockdown/lockout and ensure that appropriate public safety personnel have keys to access the secured areas
- ❖ All building occupants should move into isolated sections of the building and reduce exposure to outside windows and doors
- ❖ EECs will, (a) announce to their floor occupants, “A shelter-in-place advisory has been issued. All students, employees and visitors should remain in their classroom/office until we are advised of the All Clear” or (b) leave their current area and proceed to the emergency shelter room(s)”
- ❖ Upon arrival to the shelter location, Emergency Evacuation Coordinators will account for their floor occupants and note any missing individuals
- ❖ Campus Security authorities will notify the Emergency Coordinator when it is safe to resume normal operations; the Emergency Coordinator will notify the Emergency Evacuation Coordinators of the “All Clear” via two-way radio

EMERGENCY RESPONSE PLAN

Touro College and University System’s Department of Emergency Preparedness (EMP) is responsible for the overall direction and planning for emergencies on campus or those that occur in the local or regional area affecting the campus. Under the guidance of the Director of EMP, the college has developed a comprehensive, all-hazard Emergency Response Plan that outlines steps the College will take to prevent and mitigate, prepare for, respond to, and recover from a full range of likely hazards it may face. A summary of the college’s emergency response procedures is located at www.touroone.touro.edu under the Campus Resources tab.

Included on this web page is detailed information on the college’s emergency notification policy.

Touro College is dedicated to regularly testing the knowledge, skills and abilities of emergency personnel as well as the plans, policies, procedures, facilities and equipment of the institution. Training helps emergency personnel become familiar with their responsibilities and acquire the skills necessary to perform assigned tasks. Exercises provide a means to validate plans, checklists and response procedures and to evaluate the skills of personnel. To ensure these plans remain current and actionable the college will conduct an emergency management test, at a minimum once yearly. These test, which may be announced or unannounced may take one of the following forms:

Exercise – An activity designed to: promote emergency preparedness; test or evaluate emergency operations, policies, plans, procedures or facilities, train personnel in emergency duties, and demonstrate operational capabilities.

Orientation Seminar – An informal discussion designed to familiarize participants with roles, plans, procedures, and resolve questions of coordination and assignment of responsibilities.

Drill – Supervised activities that test, develop, or maintain skills in a single response procedure (such as: communications, notification, lockdown, and fire) and the possible or probable

interaction with local government agency functions (such as incident command posts, rescue squad entry, and police perimeter control) which will involve actual field response. Drills help prepare for more complex exercises in which several functions are coordinated and tested.

Tabletop Exercise – Tabletop exercises simulate an emergency situation in an informal, stress-free environment. It is designed to elicit discussion as participants examine and resolve problems based on existing crisis management plans.

Functional Exercise – A fully simulated interactive exercise, tests one or more functions in a time-pressured realistic simulation, focuses on policies, procedures, roles, and responsibilities.

Full-Scale Exercise – Evaluates the operational capability of emergency response management systems in an interactive manner. This includes the mobilization of emergency personnel and resources required to demonstrate coordination and response capability. A full-scale exercise tests total response capability as close to a real emergency as possible.

After each exercise or activation of the Emergency Management Team (EMT), a brief after action report should be written to evaluate the event against measurable goals. This document should include: purpose, date/time, whether the test was announced or unannounced, participants, description, successes, shortcomings and corrective action recommendations. The evaluation is designed to assess the emergency plans and its capabilities.

The after action reports may be distributed to the participants for corrections and recommendations. A meeting to review the corrective action recommendation may need to be scheduled to discuss the need to alter any College policies and procedures. The college will notify the community of the test and remind the community of the information included in the college's publicly available information regarding emergency response procedures.

EMERGENCY COMMUNICATIONS

TCAAlert is Touro's mass notification system that provides an easy and effective way to send text, email and voice messages to notify the College community of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.

Once the nature and severity of an incident is determined, the College's Emergency Manager is notified and authorized to begin the notification process. Each category has a different notification tree, with Category 3 and Category 4 requiring notification to the College community. The type of message and content of notification is based upon emergency templates that are part of the College's Crisis Communication Plan.

In the event of an emergency, the College relies on several modes of communication for disseminating information:

- ❖ **TC Alerts:** TCAAlert provides voice, email, and text messaging capabilities to notify students and employees of critical incidents. The system uses a variety of telecommunications partners to ensure connectivity to cell phones, landlines, email accounts, and TTY/TDD devices. Authorized staff within the institution or at an off-site location can initiate critical incident communications. The College tests the system twice each semester to ensure timely notification of critical events. TCAAlerts provide real-time updates, instructions on where to go, what to do (or not to do), who to contact and other essential information.
- ❖ **College System Group Email:** Email messages are sent to all Touro email accounts and provide students, faculty, and staff with information and updates regarding potential threats to the safety and security of the campus community. The message directs individuals to the main Touro website for additional information and instructions. The College's Office of Information Technology manages the data for the mass email notifications.
- ❖ **Web Site:** The College community can check the Touro's main website, www.touro.edu, for notification and updates regarding emergencies. This mode has been used extensively to advise of cancellation of classes, school closings and weather related emergencies.
- ❖ **Touro College and University Systems Portal:** Students, faculty and staff can go to the www.touroone.touro.edu and click on the Emergency Preparedness tab, for notification and updates regarding emergencies.

- ❖ **College System Emergency Information Line, (212) 463- 0400 Option 4:** Students, faculty, and staff members may call the Main Campus telephone number for information about campus emergencies and closures.
- ❖ **Local Media:** Since much of the College community commutes on a regular basis, broadcast media is relied upon to notify students, faculty, and staff of emergencies before or during their commutes. The Department of Communications is responsible for sending press releases and/or contacting local media to disseminate necessary information.
- ❖ **Social Media:** Since social media is especially useful to confirm information students receive through other channels, the Department of Communications may provide additional updates, and responds to student feedback during emergencies.
- ❖ Other forms of emergency communication include door-to- door contact, posting of flyers and notices in key locations, and emergency alert radios for key personnel.

EMERGENCY PREPAREDNESS POLICY STATEMENT REGARDING TOURO COLLEGE AND UNIVERSITY SYSTEMS RESPONSE AND EVACUATION

This policy statement summarizes Touro College’s emergency response and evacuation procedures, including protocols for emergency communications in those situations that represent a significant emergency or dangerous situation affecting the health and/or safety of the college community. This policy statement complies with the Emergency Notification requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as amended by the Higher Education Opportunity Act of 2008 and applicable Department of Education regulations.

EMERGENCY NOTIFICATION SYSTEM

The College is committed to ensuring the campus community receives timely, accurate, and useful information in the event of an emergency on campus or in the local area, which poses a risk to the health and safety of campus community members.

To support this commitment, the College has invested in a mass notification system, called TCAAlert. TCAAlert has several multi-modal forms of communications that allow administrators to distribute notices in the event of a critical incident or dangerous situation.

The College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Once students register for classes their contact information is automatically captured for the system. Faculty and staff of Touro College and University Systems are required to register their information on the TouroOne portal. The contact information will be uploaded from the portal into TCAAlert .

CONFIRMING THE EXISTENCE OF A SIGNIFICANT EMERGENCY OR DANGEROUS SITUATION AND INITIATING THE EMERGENCY NOTIFICATION SYSTEM

The Department of Campus Security and/or other campus first responders, including but not limited to, emergency Coordinators (ECs), Emergency Evacuation Coordinators (EECs), and contract Security Guards, may become aware of a critical incident or other emergency situation that potentially affects the health and/or safety of the campus community. The EC, EEC, or Security Guard is required to collect the information and contact the Director of Campus Security or the Director of Emergency Preparedness. Additionally, security guards may discover information during security patrol or other assignments, which they must report to the Director of Campus Security.

Once first responders confirm that there is, in fact, an emergency or dangerous situation that poses an immediate threat to the health or safety to some or all members of the campus community, first responders will notify supervisors in the Department of Campus Security or the Department of Emergency Preparedness to issue an emergency notification.

The College has authorized representatives, including supervisors in the Department of Campus Security

and the Department of Emergency Preparedness who will immediately initiate all or some portions of the College's emergency notification system.

If, in the professional judgment of first responders, issuing a notification potentially compromises efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency, the College may elect to delay issuing an emergency notification. As soon as the condition that may compromise efforts is no longer present, the College will issue the emergency notification to the campus community or applicable segment of the community.

DETERMINING THE APPROPRIATE SEGMENT(S) OF THE CAMPUS COMMUNITY TO RECEIVE AN EMERGENCY NOTIFICATION

Campus and local first responders on the scene of a critical incident or dangerous situation that poses an immediate threat to the health or safety of the campus community will assist those preparing the emergency notification with determining what segment or segments of the campus community should receive the notification. Generally, campus community members in the immediate area of the dangerous situation (i.e. the building, adjacent buildings, or surrounding area) will receive the emergency notification first. The College may issue subsequent notifications to a wider group of community members.

In addition to the emergency notification that may be issued via the College mass notification system, the College will also post applicable messages about the dangerous condition on its homepage to ensure the rest of the campus is aware of the situation, and the steps they should take to maintain personal and campus safety. If the emergency affects a significant portion of or the entire campus, College officials will distribute the notification to the entire campus community.

DETERMINING THE CONTENTS OF THE EMERGENCY NOTIFICATION

The office responsible for issuing the emergency notification, the Department of Emergency Preparedness will, with the assistance of campus and local first responders, determine the content of the notification. The College has developed a wide range of template messages addressing several different emergencies. The communications officers (or others issuing the alert) will select the template message most appropriate to the on-going situation and modify it to address the specifics of the present incident. Those issuing the notification will use the following guidelines when determining the contents of the emergency message.

The first message is intended to Alert the community or appropriate segment of the campus community of the dangerous condition and the actions they should take to safeguard their and their neighbors' safety. Messages distributed in this stage of a rapidly unfolding critical incident will generally be short, precise, and directive. Examples include "The campus is experiencing a major power outage affecting the following buildings: Brown, Red, White, and Yellow Halls. All occupants of these buildings should immediately evacuate and meet at the designated assembly area." "There is a chemical spill at Brown Hall. The chemical released is extremely hazardous if inhaled. Occupants of Brown Hall should immediately evacuate the building through the northeast exits. Follow the directions of fire personnel who are on scene."

The second message is intended to inform the community or appropriate segment of the campus community about additional details of the situation.

This message is generally distributed once first responders and the Emergency Operations Center has additional information about the dangerous situation. Examples include: "The power outage affecting Brown, Red, White, and Yellow Halls was caused by a cut power line. PSE&G are responding along with Facilities personnel to repair the damage. We expect the outage will last until 2:00 p.m. Refer to the College homepage for additional information.

Finally, the third message is the Reassure notice that is generally distributed once the situation is nearly or completely resolved. The purpose of this message is to reassure the community that the College is working diligently to resolve the dangerous situation. It can also be used to provide additional information about the situation and where resources will be available.

In those cases where there are no pre-determined template messages in the system, the individual issuing the alert will develop and send the most succinct message to convey the appropriate message to the

community. The goal is to ensure individuals are aware of the situation and that they know the steps to take to safeguard their personal and community safety.

PROCEDURES USED TO NOTIFY THE CAMPUS COMMUNITY

In the event of a situation that poses an immediate threat to members of the campus community, the College has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event for emergency notification to all or a segment of campus community. These methods of communication include the mass notification system TCAAlert, the College's email system, and the campus PA system in buildings with PA capability. The College will post updates during a critical incident on the homepage. Individuals may also call the College's emergency information line (212)-463-0400, select Option 4) for a pre-recorded message about the emergency.

If the situation warrants, the College will establish a telephone call-in center staffed by College personnel who are trained to communicate with the campus community during an emergency.

PROCEDURES FOR DISSEMINATING EMERGENCY INFORMATION TO THE LARGER COMMUNITY

If the College activates its emergency notification system in response to a situation that poses an immediate threat to members of the campus community, several offices at the College are responsible for notifying the larger community about the situation and steps the College has taken to address the emergency. Primarily, the Department of Communications (a unit of College Public Relations) is responsible for crisis communications and for updating notices on Facebook, Twitter, and other social networking platforms, and for maintaining communications with national, regional, and local news and radio outlets.

Members of the college community who are aware of a crime or other serious incident should report that incident as soon as possible to Campus Security at (212) 463-0400 x 5220, or the Touro Emergency Hotline Number, 1-88-Touro911 (1-888-687-6911).

When Campus Security becomes aware of crimes committed off-campus being investigated by local law enforcement that may present a serious or continuing threat to the campus community, a Timely Warning/ Public Safety Notice may be issued. This will be determined by Campus Security on a case-by-case basis based on the facts of the situation, the possible impact to the campus community, and the information provided by local law enforcement.

TOURO COLLEGE AND UNIVERSITY SYSTEMS RESPONSE TO SEXUAL AND GENDER VIOLENCE

DEFINING RAPE AND SEXUAL ASSAULT

This policy applies to all members of the Touro community, including students, faculty, and administrators as well as third parties (including, but not limited to, vendors, invitees, etc.). Discrimination, harassment or sexual assault of any kind in regards to a person's sex is not tolerated at our institution. Information and/or training regarding this policy are available to students, faculty, and staff.

Touro promotes an environment in which the dignity and worth of all members of the community are respected. It is the policy of Touro that sexual intimidation of students and employees is unacceptable behavior and will not be tolerated. Touro will not tolerate unwelcome sexual advances, requests for sexual favors, and any other verbal or physical conduct of a sexual nature constituting sexual harassment or sexual assault.

In general, it is a sex crime to engage in any sexual contact with a person who does not consent, or to engage in sexual intercourse, deviant sexual intercourse, or sexual abuse if it is accomplished by forcible compulsion. New York Law also defines these acts as crimes either if any of them are engaged in with a person who is incapable of consent because of the person's age or because the person is mentally defective, mentally incapacitated, or physically helpless. Therefore, sexual abuse, sodomy, and rape are sex crimes and violators will be prosecuted in accordance with New York Penal Law.

All divisions of Touro seek to foster a collegial atmosphere where students are nurtured and educated through close faculty-student relationships, student camaraderie, and individualized attention.

Discrimination, harassment or sexual assault (i.e. rape, fondling, incest or statutory rape) of any kind is anathema to Touro's mission, history, and identity. Touro will resolve any identified discrimination in a timely and effective manner, and will ensure that it does not recur. Compliance with Touro's policies and procedures is a necessary step in achieving a safe environment in our educational community. The policies set forth were developed to promote a safe educational environment in compliance with the Violence Against Women Act (VAWA) and a high quality campus life.

Those believing that they have been harassed or discriminated against based on their sex, including sexual harassment or sexual assault, should immediately contact the Title IX coordinator. When Touro has notice of the occurrence, Touro is compelled to take immediate and effective corrective action reasonably calculated to stop the harassment, prevent its recurrence, and as appropriate, remedy its effects.

Touro College prohibits the offenses of domestic violence, dating violence, sexual assault and stalking (as defined by the Clery Act) and reaffirms its commitment to maintaining a campus environment that emphasizes the dignity and worth of all members of the university community. Toward that end, Touro College issues this statement of policy to inform the campus community of our programs to address domestic violence, dating violence, sexual assault and stalking as well as the procedures for institutional disciplinary action in cases of alleged dating violence, domestic violence, sexual assault, or stalking, which will be followed regardless of whether the incident occurs on or off campus when it is reported to a University official.

Please refer to Appendix A of this document or the Touro Portal for the complete policy.

STALKING

INDICATORS/SIGNS OF STALKING BEHAVIOR

- ❖ Persistent phone calls despite the fact that you have told the person not to contact you in any form.
- ❖ Someone waiting at or outside your workplace, residence, or school.
- ❖ Overt threats.
- ❖ Manipulative behaviors (i.e. stating that they will hurt themselves).
- ❖ Sending written messages, letters, emails, graffiti, etc.
- ❖ Sending of gifts.
- ❖ Defamation.

IF YOU BECOME A VICTIM OF A STALKER, DO NOT TAKE IT LIGHTLY:

- ❖ Notify the Security Officer at your location. Even if the problem is not campus/site related, they can assist you with reporting the problem to the local law enforcement agency.
- ❖ Apply for a restraining order. If you already have one, file a copy with Campus Security.
- ❖ Document everything. Even if you have decided not to go the legal route, you may change your mind. Keep answering machine recordings, letters, gifts, etc. Keep a log of drive-bys or any suspicious occurrences.
- ❖ Have co-workers screen all calls and visitors.
- ❖ Do not accept packages unless they were personally ordered.
- ❖ Do not destroy discarded mail.
- ❖ If you think you are being followed, go to the nearest police station or public place.
- ❖ Never be afraid to sound your horn to attract attention.
- ❖ Do not be ashamed and think you caused this. Instead tell everyone you know that you are being stalked, from neighbors, to co-workers, to classmates so that no information about you is provided to the stalker.

- ❖ Tell the stalker NO once and only once, and never give him/ her satisfaction of a reaction again.

Preserve any evidence that may help you obtain College help through no-contact orders, or court assistance with restraining orders. For help with this, contact the local police or Security right away. Some examples of evidence preservation include:

- ❖ Preserving any email, texts, or electronic messages on social media.
- ❖ Photographing any threatening messages that are not electronic.
- ❖ Asking friends to witness any overt behaviors such as being followed.
- ❖ Keeping a journal of stalking events.

CRIME PREVENTION EDUCATION & AWARENESS IS PROVIDED AS FOLLOWS

- ❖ During the beginning of the semester annually
- ❖ During employee orientation on a monthly basis
- ❖ Upon request by location
- ❖ During the holiday season
- ❖ As a result of trends identified

Flyers are posted on bulletin boards throughout our campuses/ sites and members of the Security Advisory Team are encouraged to promote the events.

Crime Prevention Surveys are conducted by your resident precinct or local law enforcement upon request. In addition, a survey was conducted by the Campus Security Director and is an ongoing process of improving systems as they are implemented.

RAPE & SEXUAL VIOLENCE

Sexual Assault/Improper Sexual Conduct is a criminal offense pursuant to the Penal Law. If a member of the College community engages in improper sexual conduct, it may result in the severest disciplinary sanctions available to the College. The College will cooperate fully with Law Enforcement authorities should the victim seek criminal prosecution. The College also recognizes that confidentiality is most important to victims of sex crimes. While complete confidentiality cannot be guaranteed, every effort will be made to maintain confidentiality on a “need to know basis.”

The victim’s wishes not to report a sexual assault to the police will generally prevail, but the College reserves the right to notify the police when it is believed that such reporting is necessary for the protection of others.

All Reports of Rape and Sexual Violence must be reported and investigated by the Title IX Coordinator. Any Reports made to a member of the pastoral care, clinical services must be reported to Campus Security for the purposes of statistical purposes only.

FACTS:

- ❖ Approximately 20% of women experience an attempted or sexual assault.
- ❖ Every person is a potential victim regardless of race, gender, age, or economic status.
- ❖ Approximately 90% of women know their assailant.
- ❖ Approximately 75% of the time, one or both parties are under the influence of a substance.
- ❖ Rapes perpetrated by strangers occur at all times of the day, every day. However, date rapes occur most frequently on weekends and during late evening hours.

IF YOU ARE BEING SEXUALLY ASSAULTED

- ❖ Keep your head. Stay as calm as possible, think rationally and evaluate your resources and options.
- ❖ Be realistic about your ability to protect yourself. Yelling, hitting, or biting may give you a chance to escape, but be aware it can also expose you to further harm.
- ❖ Passive resistance such as vomiting, urinating, or telling the attacker that you are ill or menstruating is another option.
- ❖ Knowing self-defense can help you to overcome fear and think clearly in emergencies.

- ❖ Do not try to defeat the attacker. Just get away as fast as you can. There is no right way to respond to an attack. If you escaped alive, you responded in the right way.

After an incident of sexual assault, dating violence or domestic violence, the victim should consider seeking medical attention as soon as possible at any of the hospitals listed in the reference page. In NY State, evidence may be collected even if you chose not to make a report to law enforcement¹. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Security or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order

Please see Appendix.

IF YOU HAVE BEEN SEXUALLY ASSAULTED

- ❖ You must NEVER BEAR the RESPONSIBILITY for being assaulted. Responsibility for the crime lies with the rapist alone.
- ❖ If possible do not shower, bathe, brush your teeth eat, drink, smoke, urinate or change your clothes.
- ❖ Do not disturb anything in the area where the assault occurred.
- ❖ Get immediate medical attention. An exam may reveal the presence of a physical injury. Following a sexual assault, antibiotics are typically given at the time of the exam to help prevent the victim from acquiring certain sexually transmitted diseases. A urine test conducted within 96 hours can determine if a drug was used.
- ❖ Write down a description of the assault, circumstances, and the attacker.
- ❖ Many police departments now have special victims units that are specially trained to deal with rape and/or sexual violence victims. In addition, many hospitals also have rape crisis units.
- ❖ Reporting the assault is an important step in ending this violence. You should feel comfortable with your decision.
- ❖ Call someone to be with you. You should not be alone. Contact a rape crisis center to help you deal with the aftermath.
- ❖ Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not “require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.”

IF SOMEONE YOU KNOW IS A VICTIM OF AN ASSAULT

- ❖ See that they have a safe place to stay and will stay with someone.
- ❖ Give the victim your emotional support. Let them express their feelings. Do not pry into details. Do not be judgmental, instead listen, and provide understanding.
- ❖ Rape and/or sexual violence are never the victim’s fault. Do not let them blame themselves or think that they did something to cause the attack

- ❖ Encourage the victim to get medical attention, contact a rape crisis center, and report the incident. Help the victim explore their options but let them make the decision.
- ❖ Point out that since they are still alive they have achieved a major victory.

BYSTANDER AWARENESS

- ❖ Don't turn a blind eye.
- ❖ If you are attending a social gathering with a friend, remember the same principles apply in every scenario.
- ❖ Be mindful of your friend(s) and make sure you come and go together and if you don't leave together that your friend(s) is/ are able to make decisions for himself/herself/themselves.
- ❖ If you see someone at risk, get involved.
- ❖ Don't wait for someone else to take an action.
- ❖ Be honest and directly talk about the consequences of their actions.
- ❖ Solicit help from other bystanders.
- ❖ If the person is your friend, communicate by either asking the person "Are you okay," "Is he/she bothering you," etc.
- ❖ Give the person an out like calling their cell phone or distracting the other person.
- ❖ If it doesn't feel safe to say something, you can call the police or any other person of authority.
- ❖ Don't let resentment prevent you from stepping in.

RISK REDUCTION

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org)

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you don't know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
6. Make sure your cell phone is with you and charged and that you have cab money.
7. Don't allow yourself to be isolated with someone you don't trust or someone you don't know.
8. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
9. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. Trust your instincts. If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. Don't leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. Don't accept drinks from people you don't know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.

13. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. Lie. If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
16. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
17. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

SUSPICIOUS PACKAGES

There is a concern that the receipt of a letter or package may contain biological agents. Many biological threats targeting individuals or departments can frequently be controlled by following the procedures listed below. The responding public safety agencies have plans in place to deal with these types of threats.

Following the procedures below will activate those plans and promote the highest level of safety while minimizing the disruption associated with these incidents.

The Touro College and University Systems Mailroom is responsible for the initial monitoring responsibilities for suspicious letters and packages in accordance with guidelines from the U.S. Postal Service. Many of the letters and packages arriving on campus have already gone through one or more screening processes before arriving on campus. However, in the event that a letter or package is obtained by some other means other than the College mail system, the following are common features of threatening letters or packages:

- ❖ No return address
- ❖ Handwritten or poorly typed address
- ❖ Misspelling of common words
- ❖ Restrictive markings such as “Confidential” or “Personal”
- ❖ Excessive weight
- ❖ A feel of a powdery or foreign substance

If a letter or package exhibits any of these warning clues, DO NOT OPEN IT. No one is at risk provided there is nothing leaking from the package.

Call the Touro Campus Security office at your location, or the Touro Emergency Hotline, 1-88-Touro911 (1-888-687-6911) to report the item and relate that the envelope has not been opened and there is no substance leaking out. Do not approach any unusual or suspicious package. Under NO circumstances should you touch, tamper, or move it in any way.

If there are any indications of imminent danger, such as a suspicious object, call the Touro emergency hotline number 1-88-Touro911 (1-888-687-6911) or 911 on a cell phone or landline and evacuate the area immediately.

HOSTILE INDIVIDUAL OR VIOLENT ACTIVITY (ACTIVE SHOOTER)

In the event that a hostile individual or group engages in violent activity that threatens or causes death or serious physical injury to any member of the College community, the following steps should be taken:

If you are unable to safely evacuate:

If you are not in a room, try to get inside an office or classroom. Stay out of open areas and be as quiet as possible.

- ❖ If you are able to communicate, call the Touro emergency hotline number 1-88-Touro911 (1-888-687-6911), or your Security Department if out of state. Try to stay calm and supply the operator with as much information as possible such as exact location, type of weapon and how many suspects.
- ❖ Remain in the classroom/office and attempt to lock or secure the doors by placing an object in front of it or under the door handle. Cover any windows or openings that have a direct line of sight into the hallway.
- ❖ DO NOT sound the fire alarm. Activation would cause the occupants to evacuate the building placing them in potential harm.
- ❖ Stay away from doors and windows, turn off lights and any audio equipment and stay as low to the ground as possible.
- ❖ Stay together as a group, remain quiet, and act as if no one is in the room. DO NOT answer the door until Security or the Police arrive and give you further instructions.
- ❖ When the Police arrive, obey all commands. This may involve being handcuffed or keeping your hands in the air. This is done for safety reasons until the situation can be evaluated. It is a common ploy for a perpetrator to mingle with victims and attempt to escape.

If you are trapped in an open area:

- ❖ If you are trying to hide, make sure it is a well-hidden space or you may be found as the intruder moves through the campus/ site.
- ❖ If you think you can run safely out of the building, do so.
- ❖ If you decide to run, do not run in a straight line. Attempt to keep objects such as desks, cabinets, and fixtures between you and the attacker.
- ❖ Upon leaving the building, continue to seek cover. Upon reaching safety, report the incident to the nearest Police Officer.
- ❖ If the attacker is causing death or serious physical injury to others and you are unable to escape, you may choose to play dead.
- ❖ Fighting back is dangerous, but depending on your situation, this could be your last option.

HOSTAGE SITUATION

- ❖ If you see a situation, move people away from the area of concern.
- ❖ Call the Touro Emergency Hotline number 1-88-Touro911 (1- 888-687-6911) or 911 on a cell phone or landline.
- ❖ Lock all doors and, if possible, secure the doors by placing an object in front of it. If possible, cover all window openings that have a direct line of sight into the hallway.
- ❖ DO NOT sound the fire alarm. Activation would cause the occupants to evacuate the building placing them in potential harm.
- ❖ Account for as many people as possible.
- ❖ Stay put unless instructed otherwise.
- ❖ Wait for instructions.
- ❖ Allow only Emergency Personnel into the building. If you are taken hostage:
- ❖ DO NOT try to disarm the person.
- ❖ Remain calm, be patient, and avoid drastic action.
- ❖ Follow the intruder's instructions.
- ❖ Do not speak unless spoken to and avoid arguing.
- ❖ Stay alert and be observant; you may be released or able to escape. The safety of others may depend on your memory.

- ❖ Be aware that Police may be able to hear what is taking place.
- ❖ Be aware that Police may break in at any time.
- ❖ Once again, when the Police arrive obey all instructions.

After the hostage situation is resolved:

- ❖ Refrain from discussing the incident with bystanders or the media.
- ❖ Communicate all information to the Campus Security Office at (646) 565-6000 x 55134 or your security office if out of state.
- ❖ Some statements made to the media may adversely affect the serving of justice; therefore, all public statements will be coordinated through Touro's press office.

CRIME IN PROGRESS

- ❖ Do not attempt to apprehend or interfere with the criminal, except to protect yourself.
- ❖ Call the Touro emergency hotline number 1-88Touro911 (1- 888-687-6911) or 911. Give your name, site location, telephone number, and department. Advise them of the situation details and give specific directions as to where you are located.
- ❖ In the event of a robbery, do not resist.
- ❖ If safe to do so, take time to get a good description of the criminal. Note height, weight, sex, race, hair color, approximate age, clothing, method, and direction of travel and name, if known. This takes only a few seconds and could help the investigating officers. If the criminal is entering a vehicle, note the license plate number, make, and model of the car, color and any outstanding characteristics.
- ❖ Stay calm.

POWER OUTAGE

- ❖ Shut off switches of electrical items before leaving. These include lights, computers, appliances, room air conditioners, heaters, televisions, etc. This will assist in restoring electricity when the system comes back on-line.
- ❖ Secure any hazardous materials or processes.
- ❖ Use clear, safe escape routes and exits and proceed to the nearest outside safety location as ordered by College officials.
- ❖ Help people in darkened work areas move to safety. Help handicapped individuals to get to their designated areas for evacuation assistance.
- ❖ Unless life-threatening conditions exist, avoid transporting handicapped individuals up or down stairwells. Call the Touro Emergency Hotline number 1-88-Touro911 (1-888-687-6911) or your Security department if out of state and give your exact location.
- ❖ DO NOT return to an evacuated building until directed to do so by your fire warden.

SCHOOL CLOSING/INCLEMENT WEATHER

TOURO NEW YORK AND FLORIDA CAMPUSES

In the event of an emergency, weather, or non-weather related, Touro has a School Closing Committee comprised of senior staff that is authorized to determine whether Touro buildings will be opened or closed. All school or program closings must be done by this committee of senior staff. No school or program can close on any single Dean's authority.

If a decision is made to close a Touro NY location during regular business hours, employees will be contacted via their touro.edu email address; students will be notified via the TCAAlert system. If a decision is made after regular business hours, employees and students will be notified via the TCAAlert system. Students, faculty, and staff at the Touro South campus will receive TCAAlert messages regarding the open/close status of their campus, and should monitor their local news for the status of the Miami-Dade school system.

Closing information for the New York campuses will be posted on the telephone system of the Main Campus, the main Touro website, www.touro.edu, the portal website, www.touroone.touro.edu, 1010WINS, and WCBS880

radio stations, and News Channel 4 television station. Additionally, signage may be posted on the doors of the affected building(s) advising students, faculty and staff of the closing and where to get additional information.

Closing information for the Touro South campus will be posted on the main Touro website, www.touro.edu. Touro South follows the guidance of the Miami-Dade school system, and information on the status of the school system can be found on the Miami-Dade County portal at www.miamidade.gov.

WEAPONS POLICY

Touro is a WEAPON FREE CAMPUS. Firearms, air guns and other hazardous items or weapons of any kind, including ammunition, fireworks, gunpowder and chemicals, mace and pepper spray are strictly prohibited. If said items are found they will be confiscated and the owner(s) subjected to disciplinary action, including expulsion and/or termination. Use of lighted candles or kerosene lamps for any purposes is prohibited.

Any students arrested for illegal weapon possession or who are found in violation of this policy may be subject to disciplinary proceedings in accordance with the procedures outlined in the “Adjudication of College Code of Conduct Violations” section of respective school catalogs and student handbooks.

Student violators may be subject to the following sanctions and remedial measures:

- ❖ **Warning** – A written reprimand putting the student on notice that he/she has violated the Code of Conduct. A copy of this warning is placed in the student’s folder.
- ❖ **Probation** – A student may be placed on disciplinary probation for a definite period. While on probation, students may not hold office in Student Government Organizations, Clubs, or Societies or represent the college in any capacity.
- ❖ Further violations while on probationary status will result in suspension or expulsion from the college.
- ❖ **Restitution** – A student may be required to pay restitution to the college or to fellow students for damages and losses resulting from his/her actions.
- ❖ **Suspension** – At any time during a student’s enrollment at the college, he/she may be suspended and barred from attending classes for a definite period, not to exceed two years. A student may not be automatically re-enrolled at the end of his/her suspension. He/she must apply to the Student Affairs Committee for re-enrollment.
- ❖ **Expulsion** – Touro College and University Systems may terminate a student’s status at the college at any time.
- ❖ Faculty and staff (part-time and full-time) are arrested for illegal weapon possession or who violate the college policy on weapons may be subject to disciplinary sanctions as follows:
- ❖ **Censure** – A written reprimand, outlining the violation(s) of college policies, may be placed in the personnel file of individual violators.
- ❖ **Probation** – Faculty and/or staff may be placed on probation for a definite period up to a maximum of one year. In such instances, individuals may be required to enroll in a therapeutic counseling or treatment program.
- ❖ **Suspension** – Faculty and/or staff may be suspended from employment without pay for a period ranging from seven days to a maximum of one year.
- ❖ **Termination of Employment** – Faculty and/or staff may be dismissed from employment upon written notice by the Dean of Faculties (for faculty members) or the Vice President for Administration (all other employees).
- ❖ **Legal Action** – Faculty and/or staff may be turned over to law enforcement authorities for criminal prosecution and legal action.

In both cases for students and faculty and staff, the existence of a progressive system of disciplinary sanctions measures does not preclude Touro from levying a heavy sanction, without first resorting to a lesser sanction. By way of illustration and not exclusion, Touro may expel a student or terminate a staff or faculty member for a violation of policy without first issuing a warning or putting that student or employee on probation.

WORKPLACE VIOLENCE POLICY

Touro College and University Systems has a ZERO tolerance on workplace violence. Any incidents or

occurrences relating to violence in the workplace by employees will be referred to Human Resources, as stated in the Employee handbook. Any incidents or occurrences relating to students will be handled by the Dean of Students as stated in the Student Handbook.

MISSING STUDENT NOTIFICATION POLICY

If a member of the Touro community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify Campus Security at (646) 565-6134. Campus Security will generate a missing person report and initiate an investigation. If members of the Touro College community believe that a student has been missing for 24 hours, it is critical that they report that information to Campus Security And his /her resident manager.

After investigating the missing person report, should Campus Security determine that the student is missing and has been missing for more than 24 hours, Campus Security will notify the local law enforcement agency (unless the local law enforcement agency was the entity that made the determination that the student went missing, and the student's confidential contact no later than 24 hours after the student is determined to be missing.

If the missing student is under the age of 18 and is not an emancipated individual, Touro will notify the student's parent(s) or legal guardian(s), in addition to notifying any additional contact person designated by the student, within 24 hours after Campus Security has determined that the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify a confidential individual to be contacted by Campus Security in the event the student is determined to be missing for more than 24 hours.

If a student has identified such an individual, Campus Security will notify that individual no later than 24 hours after the student is determined to be missing for 24 hours. If the student is under the age of 18 and is not an emancipated individual, Campus Safety will notify the student's parent or guardian and any other designated contact person within 24 hours. Regardless of whether the student has identified a contact person, is above the age of 18, or is an emancipated minor, Touro College will inform the Local PD (or the local law enforcement with jurisdiction) that the student is missing within 24 hours.

A student who wishes to identify a confidential contact can do so through their Resident Manager. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement as appropriate and it will not be disclosed outside of a missing person investigation.

If the missing student is a non-residential student, the same procedure would apply with the exception of notifying the Resident Manager.

Responsibilities of the person receiving the call: Promptly dispatch an officer to the scene, notify the campus security director and the branch manager, request an additional officer and supervisor, and transmit appropriate radio lookouts and alerts.

Responsibilities of the first responders: Interview the parent or reporting party, obtain a description and photo if available, identify the circumstances of the disappearance, determine when and where last seen and by whom, obtain a description of the abductor, verify information with the shift supervisor.

Responsibilities of the supervisor: obtain a briefing by the officer(s) on scene, update the director of security, organize and coordinate search efforts, confirm that all procedures are followed.

Responsibilities of the investigator: obtain a briefing from agency personnel at the scene, verify the accuracy of all descriptive information, initiate a neighborhood or campus investigation, explore the basis for conflicting information, evaluate the need for additional resources and specialized services.

Additional reporting procedures for critical missing persons: Employees, members, or officers handling critical cases, as defined by this SOP shall comply with the provisions outlined above: remain alert to unusual circumstances surrounding the disappearance that should be brought to the attention of the shift supervisor.

A thorough search of all public areas will be conducted. This includes rooftops, basement areas, mechanical spaces, and bathrooms, and if the event occurs in a residential housing area, the laundry rooms and the actual student room.

CCTV and Access control systems will be reviewed (where applicable).

DAILY CRIME AND FIRE LOG

The Touro College and University Systems Security Department maintains a daily crime and fire incident log that record, by the date the incident was reported, all crimes, and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the department’s patrol jurisdiction. The crime & fire incident log includes the nature of the crime/incident, the date, the time and the general location in which each crime/ incident was reported to the department, as well as the disposition of the complaint (if known). The department is obliged to post new incidents into the daily crime & incident log within two business days of receiving the report unless in doing so it will hinder an open investigation in which case that incident will be posted once the investigation has been deemed closed. Log case numbers do not run sequentially. Campus Security assigns a case number for all reportable activities; both criminal and non-criminal incidents are in chronological order.

The most recent crimes/incidents are at the bottom of the list. The crime & incident log incidents will not match the crime statistic, as the crime log is compiled using the New York Crime codes, and the crime statistic is required by law to be compiled using the Federal Uniformed Crime Reporting Crime definitions. The daily crime & incident log is available for public inspection at the department’s headquarters (500 7th Avenue, 4th Floor, New York, NY 10018).

Individuals, who possess, use, distribute, or manufacture drugs or controlled substances are subject to college disciplinary action as well as possible criminal prosecution.

Any students arrested for any liquor law or drug law violations or who are found in violation of these policies may be subject to disciplinary proceedings in accordance with the procedures outlined in the “Adjudication of College Code of Conduct Violations” section of respective school catalogs and student handbooks.

Student violators may be subject to the following sanctions and remedial measures:

Each faculty and staff member of the college is expected to abide by the college's policies for maintaining a drug-free workplace. The policy statement on drug abuse pertaining to students also applies to faculty and staff.

Furthermore, all faculty and staff are required to notify the Dean of Faculties or the Director of Human Resources of any arrest or criminal conviction (on campus or in or on non-campus buildings or property) relating to his or her own drug activity within five (5) days of such conviction.

Faculty and staff (part-time and full-time) who are convicted of any liquor law or drug law violations or that violate college policies on drugs and controlled substances may be subject to disciplinary sanctions.

In both cases for students and faculty and staff, the existence of a progressive system of disciplinary sanctions measures does not preclude Touro College and University Systems from levying a heavy sanction, without first resorting to a lesser sanction. By way of illustration and not exclusion, Touro may expel a student or terminate a staff or faculty member for a violation of policy without first issuing a warning or putting that student or employee on probation. The following regulations apply to students, faculty and staff of the college:

The consumption of alcoholic beverages by individuals under the age of 21 is illegal. Touro College prohibits the unlawful possession, use, and sale of alcoholic beverages on campus. The Campus Security is responsible for the enforcement of state underage drinking laws.

All persons are prohibited from consuming alcoholic beverages on the premises of Touro College and University Systems (unless at an event specifically sanctioned by Touro Administration in writing), or entering or remaining on Touro premises in an impaired state.

Any student who falsely represents himself/herself at a sanctioned Touro event, as being of age to consume alcohol is subject to disciplinary action as outlined in the Code of Conduct.

Any faculty and/or staff member of the college who transmits alcohol to a minor on college premises shall be subject to full penalty under the laws of their perspective state.

Alcoholism, while it may be a disability, does not excuse any faculty and/or staff member of the college from violating a legitimate Touro College and University Systems policy or neglecting their responsibilities to the college. Individuals whose work performance is impaired as a result of the use/abuse of alcohol may be required to participate in an appropriate evaluation/ treatment program.

- ❖ If you are an alcoholic, you may self-identify to the Dean of Students or Human Resources, as the case may be, and request reasonable accommodations

Drug Free Schools and Communities Act

In compliance with the Drug Free Schools and Communities Act, Touro College publishes information regarding the College's educational programs related to drug and alcohol abuse prevention; sanctions for violations of federal, state, and local laws and College policy; a description of health risks associated with alcohol and other drug use; and a description of available treatment programs for Touro College students and employees. A complete description of these topics, as provided in the College's annual notification to students and employees, is available in Appendix B on Page 99. All training programs are available on page 95. The Biennial Report for 2014-2015 is Attached to this report on Page 125 as Appendix C.

SUBSTANCE ABUSE SELF-IDENTIFICATION AND AMNESTY:

Touro recognizes that, sometimes, there may be health or safety emergencies related to the use of drugs or alcohol in which the potential for disciplinary action by Touro may deter students who want to seek assistance for themselves or for another member of the Touro community. In such instances, the health and safety of the at-risk student will be Touro's top priority. Therefore, should a student, or another individual on behalf of that student, voluntarily come forward seeking assistance in a situation involving the over-consumption or abuse of drugs and/or alcohol, Touro's student conduct response to the over-consumption/abuse will be, first and foremost, focused on medical treatment, counseling, and/ or educational interventions. However, Touro reserves the right to address any associated acts that compromises the well-being of its community and its members, such as harassment, violence, damage, harm to self or others, or distribution of illegal substances, on a case-by-case basis as deemed appropriate and necessary.

Reporting a Personal Concern: Students who have concerns about their use of alcohol and/or other drugs, or students who are concerned of such use by a friend, are encouraged to seek assistance through one of Touro's support services. Confidentiality in these circumstances may be protected in compliance with Touro policy and applicable law (e.g. FERPA, HIPPA, etc.).

Know the signs:

- Passed out or difficult to awaken
- Cold, clammy, pale or bluish skin
- Slowed breathing
- Vomiting (asleep or awake) Know how to help:
 - Turn a vomiting person on his/her side to prevent choking
 - Clear vomit from the mouth
 - Keep the person awake
 - NEVER leave the person unattended

SUBSTANCE ABUSE COUNSELING:

Many different mutual and self-help programs are available near Touro campuses. Although most programs are abstinence-based and follow the 12-step approach, there are also programs that support moderation and a goal and/or do not use 12 steps. Some of the programs listed below may have a religious affiliation; others may merely use spirituality as part of the program. Meeting times and locations are available upon contacting the corresponding phone numbers or websites. Each meeting is somewhat different from any other, even within the same program, both in terms of structure and participants. Many people find it helpful to explore different options.

ANNUAL FIRE SAFETY REPORT

THE EMERGENCY PLAN

Touro College and University Systems Emergency Preparedness Plan incorporates an all-hazards approach to emergencies including natural disasters, acts of violence, mass casualties, and cyber disruptions. In responding to an emergency at Touro, emergency personnel make students, faculty and staff their top priority.

Once assured that the people are safe and protected from further harm, emergency personnel turn their attention to protecting equipment, facilities, and other property with the goal of continuing Touro's critical services.

There are two teams responsible for providing oversight, coordination, and leadership during an incident, the Executive Policy Group (EPG) and the Emergency Operations Group (EOG). The EPG is responsible for strategic decisions such as suspending classes, closing a campus and issuing official statements. This group provides direction to the EOG, including what and when to communicate to the Touro community during an emergency until it is resolved. The EOG is responsible for managing the incident and preparing the College for recovery.

Touro designates an emergency event according to its severity and scope:

- ❖ Category 1 refers to a localized, contained incident that is quickly resolved with internal resources or limited help.
- ❖ Category 2 situations tend to be primarily people-focused, rather than infrastructure-focused, and are usually student issues. Category 2 situations may emerge as a single incident, but have the potential to quickly evolve into a multi-faceted campus crisis.
- ❖ Category 3 signifies a major emergency that affects portions of the campus and may affect critical functions or life safety.
- ❖ Category 4 describes an emergency involving the entire campus and the surrounding community.

For a Category 1 incident, the Director of Facilities, or that position's designee, is empowered to take all reasonable measures deemed necessary to preserve health and safety. During a Category 2 incident, the Director of Security is empowered to take all reasonable measures to preserve health and safety. The Director may call in other agencies, as needed. These include local law enforcement, the College's Emergency Manager and/or Human Resources. When warranted by the situation, key campus officials, including senior executives, will also be notified. The Director of Security will manage the incident until it is resolved or escalates. If the latter occurs, the Director of Security may decide to enlist the assistance of a larger group.

When an incident escalates to Category 3 or Category 4, Touro's Senior Vice President of Operations convenes the Emergency Operations Group to manage operations more formally. The 10-member team is charged with ensuring that emergencies are responded to effectively, minimizing the loss of lives and property damage.

EMERGENCY PROCEDURES

The following section provides information on the procedures to follow during certain emergencies. This section is not intended to cover all emergencies, but is a general guide for the more common emergencies that occur on college campuses across the United States. Please review these procedures carefully.

If you have any questions, contact the Department of Emergency Preparedness at (646) 565-6068.

FIRE INCIDENT REPORTING

Students, faculty, and staff are instructed to call 911 to report a fire emergency.

Non-emergency notifications (e.g. evidence that something burned) are made to:

Touro's 24 Hour Hotline at 1-88-Touro911 (1-888-687-6911)

FIRE SAFETY SYSTEMS AT TOURO COLLEGE AND UNIVERSITY SYSTEMS

"ON CAMPUS" STUDENT HOUSING FACILITIES 2015

Students residing in this college-owned or college-operated housing are notified that the premises are protected by a fire safety system. The College's campus fire safety report, as required under Title 20 of the U.S. Code Section 1092 (i), is available on the MyTouro Portal under the "Security" tab. The fire alarm panels are located in the lobbies of each building. You must follow the rules and regulations specified in your site Fire Plan at all times. Fire safety plans and procedures are discussed during new student orientation. Fire safety training is also provided to RA and freshmen. The training includes Evacuation, Kitchen Safety, and Fire prevention and protective equipment.

The fire safety policies and procedures listed below apply to all Touro residential housing facilities.

The Department of Facilities, in conjunction with the departments of Campus Security and Emergency Preparedness will perform residence safety inspections, at a minimum of two times a year, once each in the Fall and Spring semesters. The only announced inspection will be prior to the first inspection of the Fall semester. All other inspections are unannounced. These inspections are designed to find and eliminate safety violations. Students are required to read and comply with the Touro Fire Safety Policy for Residential Facilities, which includes inspections and all other rules and regulations for residential buildings. The

inspections include, but are not limited to, a visual examination of electrical cords, sprinkler heads, smoke detectors, fire extinguishers and other life safety systems.

Additionally, each room will be examined for the presence of prohibited items (e.g. sources of open flames such as candles; non-surge protected extension cords; halogen lamps; portable cooking appliances in non-kitchen areas; etc.) or prohibited activity (E.g. smoking in the room; tampering with life safety equipment; possession of pets; etc.). Inspections will also include a general assessment of food and waste storage and cleanliness of the room. Prohibited items will be immediately disabled with a locking device or confiscated and donated/discarded if found, without reimbursement. The Department of Facilities, in its discretion, may confiscate prohibited items, label them, and put them in storage.

Plans for Improvement to Fire Safety

Touro maintains a robust fire safety program, which is reviewed annually. At this time, Touro has not determined that any future improvements to the fire systems are necessary. Regardless of this fact, Touro is always looking to making improvements to ensure the safety of our students, where possible.

EVACUATING STUDENT HOUSING FACILITIES DURING FIRES

In the event of a fire emergency inside a student residential facility, individuals are instructed to remove themselves from the area of immediate danger and alert building occupants and local emergency response personnel to the emergency by pulling a manual pull station.

In addition to activating the fire alarm system individuals are urged to call 911 and the Touro Emergency Hotline number at 1-(888)-687-6911.

Once the fire alarm has been activated, all building occupants are instructed to evacuate the premises immediately using the closest safe stairwell/exit door unless otherwise instructed by building authorities/emergency response personnel. While evacuating the building, individuals should secure any open windows/doors, if it is safe to do so, in order to help prevent the spread of an existing fire condition.

Building occupants are also instructed to not use elevators as they may become inoperable during a fire emergency.

Persons with limited mobility who are unable to self-evacuate are instructed to move to the closest safe stairwell and await assistance from local emergency response personnel unless otherwise instructed by building authorities/emergency personnel.

The names and phone numbers of persons with limited mobility are collected each semester, in order to ensure communication between those awaiting emergency response personnel and the Department of Emergency Preparedness. Emergency Evacuation Coordinators/Residential Assistants are responsible for maintaining accountability of all building occupants on their respective floors and should relay the last known location of all persons with limited mobility, occupants who have failed to evacuate, and/or individuals who may be trapped to the Emergency Coordinator and/or local emergency response personnel immediately.

Once the process of evacuation has been initiated, building occupants are to continue to completely evacuate the building even if the alarm ceases to sound. Occupants should alert others who may attempt to enter the building during the evacuation process. Upon successful evacuation of the building, all individuals are to report to the Designated Assembly Area or location assigned by the Emergency Coordinator and check in with their respective Resident Assistant.

Building occupants are not permitted to leave the Designated Assembly Area unless directed to do so by the Emergency Coordinator or other on-scene emergency personnel. Individuals will be permitted to re-enter the building only when the building is deemed safe by local emergency response personnel.

GENERAL

- ❖ Fire safety notification: Students residing in this college-owned housing are notified the premises are protected by a fire safety system. Your residence is equipped with smoke detectors and sprinkler systems, which are connected to a fire alarm panel. The College's campus fire safety report, as required under Title 20 of the U.S. Code Section 1092(i), is available on the Touro College and University Systems website <https://www.touroone.touro.edu> portal under the "Security" tab.
- ❖ The fire alarm systems of Touro College residences are monitored 24 hours a day. The systems are hard wired, meaning when triggered the alarm rings at the security desk of the residential facility and is simultaneously transmitted to the fire department. Specifically, the systems include smoke detectors, carbon monoxide detectors, sprinklers, fire extinguishers and alarm bells.
- ❖ Students shall not use or seek access to the fire escapes of the Building at any time for any reason except in case of any actual fire or other emergency.
- ❖ Smoke detectors are the first line of fire defense. They are triggered by airborne particles and are in place to provide early warning in case of fire. Smoke detectors save lives by allowing for timely evacuation. Carbon monoxide detectors are placed in all residence halls.
- ❖ Sprinklers are the last line of defense. If there is a considerable rise in room temperature, the sprinklers will activate. Sprinklers protect property by suppressing a fire quickly.
- ❖ Any resident in the College's housing facility, who intentionally compromises these systems in any way, will be evicted, sanctioned and/or arrested and fined.
- ❖ Residents agree to adhere to all fire safety policies of Touro College, not be in possession of prohibited items, and be aware of possible sanctions for violations. In addition to sanctions imposed by the College, violators may also be responsible for fines assigned by New York State and the City of New York.
- ❖ Residents are responsible for attending and participating in fire safety workshops during the academic year.
- ❖ All residence halls and apartments are subject to periodic fire and safety inspections, and students are expected to cooperate in removing any found violations when requested by Administration*.
- ❖ The College may require personal furniture or furnishings to be removed from any residence when the College determines the situation to be a fire, safety, or health hazard. Under no circumstance should

furniture restrict free and easy movement within the room, suite, hallway, or apartment areas, or block egress in any way.

- ❖ Once the fire alarm has been activated, all residents are to evacuate the premises immediately using the closest, safest stairwell/exit door unless otherwise instructed by building authorities/emergency response personnel. Residents will close all doors along the exit path to contain the spread of flames and smoke, and activate the fire alarm system as they leave. At no time should the closing of doors or the activation of the alarm delay the exit from the building. Once safely outside, residents should contact 911 and Campus Security. Residents are required to relocate to the Designated Assembly Area with their Resident Advisor. Damage, misuse, or theft of fire alarm systems and firefighting equipment is prohibited and in violation of New York City law.
- ❖ Residents are prohibited from covering or attaching anything to fire safety equipment including sprinklers, smoke detectors, heat detectors, etc.
- ❖ The City of New York may assign fines for false (negligent) fire alarms, per City ordinance. Residents will be responsible for the cost of the fine if it resulted from negligent fire safety.
- ❖ In compliance with New York State law, smoking inside all buildings and residences, or within 25 feet of an entrance, is strictly prohibited. This includes fire escapes and balconies.
- ❖ Food preparation is permitted in resident hall kitchenettes and apartment kitchens only. During the Sabbath and religious holidays extra vigilance is required to ensure that stoves are not inappropriately left on, that food is not left cooking and unattended, and that windows are only opened a few inches. The use of a blech is permitted, but any self-made gadgets/ devices are prohibited.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS

All students in residential housing are required to take the online fire safety training program, provided by the Department of Emergency Preparedness, within thirty (30) days of occupancy of the residence. The training consists of fire science, general fire safety and evacuation procedures, and cooking safely. Failure to complete the training within thirty (30) days will result in dismissal from residential housing for the semester. Fire safety and education training are also taught by local FDNY authorities and residents are expected to attend these trainings, as well.

For additional information regarding fire safety and evacuation procedures, please contact the Department of Emergency Preparedness at 646-565-6068 or shoshana.yehudah@touro.edu.

Everyone is also provided with evacuation routes and fire alarm equipment locations. During these programs, trainers emphasize that participating in fire drills is mandatory. Students with limited mobility are instructed to wait for emergency response personnel in the fire stairwell with a "buddy."

If a fire occurs, students are instructed to leave hazardous areas per the evacuation routes and go to their Designated Assembly Area before calling 911 for help. All residents are instructed to pull the fire alarm as they are leaving the building if they can do so without risking their safety. Residents are to remain at the Designated Assembly Area so that the Resident Director can take a full accounting of the residents.

FIRE EMERGENCY ADVICE

DURING A FIRE ALARM

- ❖ STAY CALM and DO NOT PANIC.
- ❖ Proceed to the closest emergency exit. Do not take the elevator.
- ❖ Use secondary route if primary one is blocked or hazardous.
- ❖ If the emergency is a gas leak or a hazardous material spill, take the route that will keep you upwind of the problem area.
- ❖ Do not stop for belongings or records.
- ❖ Follow the instructions of your Fire Safety Group (FSGs).
- ❖ Report missing persons to FSGs.
- ❖ Continue to follow the directions of FSGs who will direct you to an assembly area. Remain at the assembly area in case Emergency Personnel need more information or need to ask questions, especially if there are missing persons.

In Case Of Fire - Remember "R.A.C.E." Rescue: Anyone in immediate danger Alarm: Pull the nearest alarm box Contain: Close doors and windows Evacuate: Leave the building immediately

PRE-PLAN ESCAPE ROUTES

It is a good idea to locate all exits on your floor and in your building; locate two exits from your office/classroom; locate fire alarm pull stations in your building.

FIRE EGRESS (EXITING SAFELY)

- ❖ Upon discovery of a fire, activate the nearest fire alarm pull box.
- ❖ Call the Touro emergency hotline number 1-88-Touro911 (1- 888-687-6911) or 911 from a local phone or

your cell phone. Give your name, telephone number, department and location of the fire.

- ❖ Do not attempt to put out a fire by yourself, unless you are trained to do so.
- ❖ DO NOT USE THE ELEVATORS. If you are on an elevator when an alarm is activated and the elevator does not function, push the emergency button on the elevator for further assistance and guidance.
- ❖ Close windows and doors. This may help keep the fire from spreading, protect your possessions from fire, and smoke damage. Leave lights on and doors unlocked.
- ❖ Before entering another room or stairwell, check for heat by placing the back of your hand near the door. If the handle is NOT hot, open door cautiously. Check for smoke or fire before going out.
- ❖ If the handle is hot, DO NOT open the door. Go to the window and call for help.
- ❖ When you evacuate the building DO NOT stop for personal belongings or records.
- ❖ If there is excessive smoke, crawl low to an exit. There is less smoke and toxins there. Smoke will rise making it impossible to see when standing. Toxic chemicals in smoke, when inhaled, can be deadly in minutes.
- ❖ If you are unable to exit, stay low and plug all openings around doors, windows, and vents.

APPENDIX A – TOURO COLLEGE AND UNIVERSITY SYSTEMS POLICY MANUAL POLICIES CONCERNING SEX DISCRIMINATION, SEXUAL HARASSMENT AND SEXUAL ASSAULT

1.0. POLICY

The Touro College and University System (“Touro”) pledges its efforts to ensure an environment in which the dignity and worth of all members of the community are respected. It is the policy of Touro that sexual intimidation of students and employees is unacceptable behavior and will not be tolerated. Touro will not tolerate unwelcome sexual advances, requests for sexual favors, and any other verbal or physical conduct of a sexual nature constituting sexual harassment or sexual assault (i.e. rape, fondling, incest or statutory rape).

In general, it is a sex crime to engage in any sexual contact with a person who does not affirmatively consent, or to engage in sexual intercourse, deviant sexual intercourse, or sexual abuse if it is accomplished by forcible compulsion. New York Law also defines these acts as crimes if any of them are engaged in with a person who is incapable of consent either because of the person’s age or because the person is mentally defective, mentally incapacitated, or physically helpless. Therefore, sexual abuse, sodomy, and rape are sex crimes and violators will be prosecuted in accordance with New York Penal Law.

2.0. PURPOSE

All divisions of Touro seek to foster a collegial atmosphere where students are nurtured and educated through close faculty-student relationships, student camaraderie, and individualized attention. Discrimination or harassment of any kind, including sexual assault (i.e. rape, fondling, incest or statutory rape), domestic violence, dating violence, and stalking, is anathema to Touro’s mission, history, and identity. Touro will resolve any identified discrimination, harassment or sexual assault in a timely and effective manner. Compliance with Touro’s policies and procedures is a necessary step in achieving a safe environment in our educational community. The policies set forth were developed to promote a safe educational environment in compliance with the Violence Against Women Act (VAWA), New York Law (including Article 129-B), and a high quality campus life.

3.0. SCOPE

This policy applies to all members of Touro, including students, faculty, and administrators as well as third-parties (including, but not limited to, vendors, invitees, etc.). This policy applies to events that occur on-campus, off-campus, and on study abroad. Information and/or training regarding this policy are available to students, faculty, and staff. In addition, information about this policy will be available on Touro’s website.

DEFINITIONS

ADVISOR

Any individual who provides the accuser or accused support, guidance, or advice.

AWARENESS PROGRAM

Awareness program means community-wide or audience- specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.

ONGOING PREVENTION AND AWARENESS CAMPAIGNS

Ongoing prevention and awareness campaigns means programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audience throughout the institution and including information on definitions of different crimes, options for bystander intervention, and risk reduction.

PRIMARY PREVENTION PROGRAMS

Primary prevention programs means programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that

foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

RISK REDUCTION

Risk reduction means options designed to decrease perpetration and bystander inaction and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

CONSENT (WITH REGARDS TO SEXUAL ACTIVITY)

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender.

- ❖ Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act.
- ❖ Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- ❖ Consent may be initially given but withdrawn at any time.
- ❖ Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.
- ❖ Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm.
- ❖ When consent is withdrawn or can no longer be given, sexual activity must stop.

DATING VIOLENCE

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and

The existence of a social relationship is based on the "reporting party's statement" with consideration of

PREPONDERANCE OF THE EVIDENCE

Just enough evidence to make it more likely than not that the fact the claimant seeks to prove is true.

RETALIATION

Retaliation is any kind of reprisal, adverse action, or negative action taken against an individual because he or she has:

1. complained about alleged discrimination or harassment as defined above,
2. participated as a party or witness in an investigation relating to such allegations, or
3. participated as a party or witness in a proceeding regarding such allegations. Retaliation can occur contemporaneously during the complaint process or subsequent to it, once the retaliator is aware of the recipient's participation in the process.

Retaliation does not exist in the absence of an adverse action. An individual is protected from retaliation even when the complaint at issue is ultimately found to lack merit, as long as the complaint was made in good faith.

Touro does not allow, nor tolerate any conduct by any Touro community member that may be regarded as retaliatory. Retaliation against any individual, whether said person submitted a complaint through the method described below, or for any other reason will not be tolerated.

New York state legislation requires that every institution ensures that at the first instance of disclosure by a reporting individual to an institution representative, the following information be presented: "You have the right to make a report to university police or campus security, local law enforcement, and/or state police or choose not to report; to report the incident to your institution; to be protected by the institution from retaliation for reporting that incident; and to receive assistance and resources from you institution.

Title IX Coordinator: the Title IX Coordinator or his designee ("Title IX Coordinator") is annually trained and knowledgeable about enforcement, compliance, communication, and implementation of Touro's anti-harassment policy. The Title IX Coordinator's contact information is as follows:

DUTY TO COOPERATE AND FACILITATE

All members of Touro are required to cooperate fully with any investigations of harassment. A faculty member, staff member, or student who has relevant information and refuses to cooperate with an ongoing investigation will be subject to disciplinary action for, among other things, violations of the Touro College Code of Conduct and/or insubordination. Likewise, all Touro employees are required to ensure that complaints about harassment are directed to the appropriate administrative office for evaluation and investigation.

RIGHT TO PROMPT AND IMPARTIAL PROCEEDING AND COMPLAINT PROCESS

Touro is committed to conducting an inquiry that is thorough, prompt and impartial. Accused and accuser will have the opportunity to object to Touro participants as impartial.

Victims have the options to notify proper law enforcement authorities, including on-campus and local police, or to decline to notify such authorities. Complaints concerning sexual harassment and/or sexual discrimination should be sent to Elan Baram, Title IX Coordinator, 500 Seventh Avenue, 4th Floor, New York, New York, 10018, Elan.Baram@touro.edu (646-565-6036) or, alternatively, to the Chief Compliance Officer at compliance@touro.edu and 212.463.0400 x5330. Complaints should be filed as soon as possible after the date of the alleged misconduct, and a written complaint is preferable.

A complaint, which must be submitted within the later of the following two dates: (a) thirty (30) days after the alleged misconduct; or, (b) the end of the semester in which the alleged incident occurred. A complaint should include the following information:

- ❖ Complainant's full name, home address, email, telephone number, and Touro Student/Employee ID number.
- ❖ Name of the person against whom the complaint was made, including job title or student status, if known.
- ❖ The protected status that is the basis for the alleged discrimination, harassment, or retaliation based on the complainant's gender.
- ❖ A clear statement of the facts that constitute the alleged discrimination, harassment, or retaliation, including dates on which the acts were committed and any information to identify witnesses.

- ❖ The specific harm that resulted from the alleged act and the remedy sought.
- ❖ The complainant's signature and the date on which the complaint was submitted.

The accused will receive notice of the complaint, along with references to the specific code provision violated, and notification of possible sanctions. While prompt reporting is expected, complaints older than 30 days will be processed. However, if more than 365 days have elapsed since the day of the complaint, the complaint may not be processed. Every effort is made to conduct a thorough and speedy investigation. Several factors may impact Touro's ability to conduct a prompt investigation, including, but not limited to: the Complainant's accessibility or unresponsiveness, witness availability or unresponsiveness, the number of witnesses, the timing of the investigation (i.e. if an investigation is being conducted at a time when students are taking final exams or on recess), etc. The process allows for extension with good cause shown. A reporting individual may withdraw a complaint or report from the institution at any time. Such individual will not be penalized for withdrawing such complaint. Please note that the institution may, consistent with other provisions of this law as well as federal law, still have obligations to investigate and/or take actions even if the complaint has been withdrawn.

ACCOMMODATIONS AND PROTECTIVE MEASURES AVAILABLE FOR VICTIMS

Upon receipt of a report of domestic violence, dating violence, sexual assault or stalking, Touro College will provide written notification to the students and employees involved about accommodations available to them, including academic, living, transportation and working situations. The written notification will include information regarding the accommodation options, available assistance in requesting accommodations, and how to request accommodations and protective measures (i.e., the notification will include the name and contact information for the individual or office that should be contacted to request the accommodations).

At the victim's request, and to the extent of the victim's cooperation and consent, College offices will work cooperatively to assist the victim in obtaining accommodations. If reasonably available, a victim may be offered changes to academic, living, working or transportation situations regardless of whether the victim chooses to report the crime to campus police or local law enforcement. Examples of options for a potential change to the academic situation may be to transfer to a different section of a class, withdraw and take a class at another time if there is no option for moving to a different section, etc. Potential changes to living

situations may include moving to a different room or residence hall. Possible changes to work situations may include changing working hours. Possible changes in transportation may include having the student or employee park in a different location, assisting the student or employee with a safety escort, etc.

Certain remedial measures may be taken to protect both parties during the pendency of the investigation, including changes to academic, living, transportation, and working situations or other protective measures. Touro may make such accommodations or provide such protective measures if the victim requests them and if they are reasonably available, regardless of whether the victim chooses to report the crime to campus police or local law enforcement.

To request changes to academic, living, transportation and/or working situations or protective measures, a victim should contact the Director of Security Lydia Perez at 646-565-600 x55134 or the Title IX Coordinator Elan Baram at 646-565-6036. If the victim wishes to receive assistance in requesting these accommodations, she or he should contact the Director of Security Lydia Perez at 646-565-600 x55134 or the Title IX Coordinator Elan Baram at 646-565-6036.

NOTICE AND TIMELY ACCESS AND PRESERVATION OF EVIDENCE

The proceeding will be consistent with Touro College's policies and transparent to both the accuser and the accused. Both accuser and accused will receive timely notice of meetings at which either accuser, accused, or others (upon request) may be present. Both accuser and accused will receive timely and equal access to information that will be used during formal and informal disciplinary meetings or hearings. Touro College will endeavor to protect the privacy of the participating parties and/or witnesses.

It is very important that the victim preserve any proof or evidence of any criminal offense. Such incidents will be reviewed and investigated in an expedient and professional manner.

INTAKE INTERVIEW

After receipt of a complaint, the Title IX Coordinator or his/her designee will meet with the complainant as soon as possible, usually within one week, but not later than thirty (30) days after receipt. The complainant must make himself/herself available to meet.

The meeting will be an intake interview where the Title IX Coordinator or his/her designee will inform the complainant about the investigation procedure and timeline. The complainant will have an opportunity to provide or present evidence and witnesses on their behalf. The complainant may sign a formal complaint form at that time (under the above guidelines) if he/she has not already done so. A complaint will proceed even in the absence of a signed written complaint.

COMPLAINTS ABOUT STUDENTS, FACULTY, OTHER EMPLOYEES OR THIRD PARTIES

The College's disciplinary process includes a prompt, fair, and impartial investigation and resolution process from the initial investigation to the final result. Upon receipt of a complaint, the Title IX Coordinator or his/her designee shall investigate the circumstances of the complaint. This investigation will include documented interviews of the complainant, the person against whom the complaint is written, and witnesses with relevant knowledge, if any. Further, the investigation will include a review of relevant documents and any other evidence. Touro will use the preponderance of the evidence standard in the investigation and disciplinary action, as VAWA requires.

INVESTIGATION OF COMPLAINTS

The Title IX Coordinator or his/her designee shall have thirty (30) days from the intake interview to complete the investigation of the event in question. Usually, the resolution of domestic violence, dating violence, sexual assault and stalking complaints are completed within 60 days of the report. However, each proceeding allows for extensions of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay. College officials involved in the investigation or adjudication of domestic violence, dating violence, sexual assault and stalking complaints are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. Such thirty (30) days may be extended in the event that one of the following occurs:

- ❖ Availability or unavailability of a witness or relevant/material documents;
- ❖ Reluctance of a witness and/or any necessary party;
- ❖ Delay or other uncooperative actions of any necessary party;
- ❖ Numerosity of witnesses;
- ❖ Holidays and vacation periods;
- ❖ Any other unforeseeable events/circumstances.

Both the complainant and respondent will have the same opportunities to have others present during any disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. Touro will not limit the choice of advisor or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding, but Touro may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties.

Generally speaking an investigation will take less than 60 calendar days following receipt of the complaint. This may not be practicable in every investigation and may vary depending on the complexity of the investigation and the severity and extent of the harassment. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused.

NOTICE OF DETERMINATION AND FURTHER ACTION

The Title IX Coordinator or his/her designee shall report the findings of the investigation to a designated, impartial Fact Finder. The Fact Finder shall endeavor to issue a determination within fifteen day after receipt of the investigation file to determine and detail: (a) whether there is probable cause to believe discrimination occurred with respect to each allegation in the complaint, (b) a description of actions taken, if any, to prevent similar problems from occurring in the future, and (c) the proposed resolution of the complaint. Both parties will be informed of the outcome reached and sanctions imposed as a result of such investigation and determination.

Both the complainant, the party who filed the complaint or the alleged target of the sexual harassment or sexual assault, and the respondent, the accused, shall be informed of the fact finder's decision, including the outcome reached and sanctions imposed, in writing simultaneously within ten days of the conclusion of the fact finder's deliberation. They will both be notified simultaneously and in writing of the outcome of the proceeding; appeal procedures; any change to the result before it becomes final (if applicable); and when the result becomes final. Questions concerning these actions should be addressed to the Title IX Coordinator, Elan Baram. Notification to the appropriate law enforcement officials and other assistance to the student or staff member in notifying law enforcement officials will be provided, if requested.

Touro will provide the victim a written explanation of her/his rights and options with respect to the report when the victim reports to Touro about the misconduct.

NOTIFICATION TO VICTIMS OF CRIMES OF VIOLENCE

The College will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

APPEALS

The complainant and respondent alike will be provided with at least one level of appeals.

Both the complainant and the respondent are eligible to file an appeal to the determination based on (i) a procedural error occurred, (ii) new information exists that would substantially change the outcome of the finding, or (iii) the sanction is disproportionate with the violation.

The request for an appeal, including the grounds upon which the request is based, should be submitted in writing to the Title IX Coordinator within seven (7) business days following the date on the outcome letter.

The Appeal should state the remedy sought by the appealing party. Each party may respond in writing to any appeal submitted by the other party. Written responses to the other party's appeal must be submitted within three (3) business days following delivery of the notice of the written appeal. Written requests for appeal submitted by one party will be shared with the other party.

Appeals will be conducted in an impartial manner by trained College officials without conflict of interest or bias for or against either party. A party with a concern about a conflict of interest or bias should contact the Title IX Coordinator. The Appeals Panel can determine whether a change in the decision is warranted. If applicable, both the accuser and accused will have an opportunity to be present or have others present during any disciplinary proceedings. If a change in this decision is necessary, the Appeals Panel will review the appeal and rationale and make a final decision. Both parties will be informed of the outcome reached and sanctions imposed as a result of such proceedings.

Appeals will not be reviewed or considered beyond the Appeals Panel. Appeals decisions will be rendered within twenty (20) business days after the receipt of the formal request for appeal. The appeal decision will be provided in writing to both parties and the appeal decision is final.

Touro has a grade appeal process, which is not circumvented by this policy. This procedure is not a substitute for a grade appeal. A grade appeal may be suspended until a determination has been made by the fact finder.

Touro will provide the victim a written explanation of her/his rights and options with respect to the report when the victim reports to Touro about the misconduct.

6.0 SANCTIONS FOR VIOLATIONS

Student violators may be subject to the following sanctions and remedial measures on a case-by-case basis:

- ❖ **Warning:** A written reprimand putting the student on notice that he/she has violated the Code of Conduct. A copy of this warning is placed in the student's folder.
- ❖ **No-Contact Order:** A student may be ordered to temporarily not intentionally contact a victim through any medium.
- ❖ **Probation:** A student may be placed on disciplinary probation for a definite period of time. While on probation, students may not hold office in Student Government Organizations, Clubs or Societies or represent the college in any capacity. Further violations while on probationary status will result in suspension or expulsion from the college.
- ❖ **Restitution:** A student may be required to pay restitution to the college or to fellow students for damages and losses resulting from his/her actions.
- ❖ **Suspension:** At any time during a student's enrollment at the college he/she may be suspended and barred from attending classes for a definite period, not to exceed two years. A student who is suspended is entitled to a written clarification with specific reasons for and description of the sanction. A student may not be automatically re-enrolled at the end of his/her suspension. He/she must apply to the Student Affairs Committee for re-enrollment.
- ❖ **Expulsion:** Touro may terminate a student's status at the college at any time.

Faculty and staff (part-time and full-time) who violate the policy will be subject to disciplinary sanctions on a case-by-case basis as follows:

- ❖ **Censure:** A written reprimand, outlining the violation(s) of college policies, may be placed in the personnel file of individual violators.
- ❖ **Probation:** Faculty and/or staff may be placed on probation for a definite period of time up to a maximum of one year. In such instances, individuals may be required to enroll in a therapeutic counseling or treatment program.
- ❖ **Suspension:** Faculty and/or staff may be suspended from employment without pay for a period of time ranging from seven days to a maximum of one year.
- ❖ **Termination of Employment:** Faculty and/or staff may be dismissed from employment upon written notice by the Dean of Faculties (for faculty members) or the Vice President for Administration (all other employees).

❖ **Legal Action:** Faculty and/or staff may be turned over to law enforcement authorities for criminal prosecution and legal action.

In both cases for students, faculty and staff, the existence of a progressive system of disciplinary sanctions measures does not preclude Touro College from levying a heavy sanction, without first resorting to a lesser sanction. By way of illustration and not exclusion, Touro College may expel a student or terminate a staff member for a violation of policy without first issuing a warning or putting that student or employee on probation.

COLLEGE-INITIATED PROTECTIVE MEASURES

In addition to those protective measures previously described, the Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible.

When the accused or respondent is a student, to have the institution issue a “no contact order” consistent with institution policies and procedures, whereby continued intentional contact with the reporting individual would be a violation of institution policy subject to additional conduct charges; if the accused or respondent and a reporting individual observe each other in a public place, it shall be the responsibility of the accused or respondent to leave the area immediately and without directly contacting the reporting individual. Both the accused or respondent and the reporting individual shall, upon request and consistent with institution policies and procedures, be afforded a prompt review, reasonable under the circumstances, of the need for and terms of a no contact order, including potential modification, and shall be allowed to submit evidence in support of his or her request. Institutions may establish an appropriate schedule for the accused and respondents to access applicable institution buildings and property at a time when such buildings and property are not being accessed by the reporting individual.

Other examples of interim protective measures include, but are not limited to: a College order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by Touro College. Violations of the Title IX Coordinator’s directives and/or protective measures will constitute related violations that may lead to additional disciplinary action including interim suspension pending the outcome of a judicial or conduct process consistent with Touro policy. Both the accused or respondent and the reporting individual shall, upon request and consistent with the institution’s policies and procedures, be afforded a prompt review, reasonable under the circumstances, of the need for and terms of an interim suspension, including potential modification, and shall be allowed to submit evidence in support of the request.

POLICY FOR TRANSCRIPT NOTATIONS

For crimes of violence, including, but not limited to sexual violence, defined as crimes that meet the reporting requirements pursuant to the federal Clery Act established in 20 U.S.C. 1092(f)(1)(F)(i)(I)-(VIII), institutions shall make a notation on the transcript of students found responsible after a conduct process that they were “suspended after a finding of responsibility for a code of conduct violation” or “expelled after a finding of responsibility for a code of conduct violation.” For the respondent who withdraws from the institution while such conduct charges are pending, and declines to complete the disciplinary process, institutions shall make a notation on the transcript of such students that they “withdrew with conduct charges pending.” Each institution shall publish a policy on transcript notations and appeals seeking removal of a transcript notation for a suspension, provided that such notation shall not be removed prior to one year after conclusion of the suspension, while notations for expulsion shall not be removed. If a finding of responsibility is vacated for any reason, any such transcript notation shall be removed. (Section 6444(6) NYS Education Law Article 129-B)

7.0 CONFIDENTIALITY

Touro has independent obligations to report or investigate potential misconduct, even if a complainant does not wish to initiate an official process. Therefore, absolute confidentiality cannot be promised with respect to a complaint of discrimination, harassment, sexual harassment, sexual assault (i.e. rape, fondling, incest or

statutory rape) or retaliation received either through Touro's compliance hotline or otherwise. The phone number for the Touro hotline is 646-565-6000 x55330.

Touro wishes, however, to create an environment in which legitimate complaints are encouraged, while also protecting the privacy of all involved in an investigation. Complaints about violations of these policies will therefore be handled in strict confidence, with facts made available only to those who need to know in order for Touro to promptly and thoroughly investigate and resolve the matter. Touro employees will explain to the reporting individual whether he or she is authorized to offer the reporting individual privacy.

Reporting individuals may request confidentiality and choose not to consent to an investigation by Touro, and the Title IX Coordinator must weigh the request against the institution's obligation to provide a safe, non-discriminatory environment for all members of its community. If Touro determines that an investigation is required, it must notify the reporting individuals and take immediate action as necessary to protect and assist them. Touro should seek consent from reporting individuals prior to conducting an investigation, and declining consent will be honored unless Touro determines in good faith that failure to investigate does not adequately mitigate a potential risk of harm to members of the community. If an individual discloses information through a public awareness event, Touro is not obligated to begin an investigation based on such information.

Touro will complete publicly available record-keeping and for purpose of Clery Act reporting and disclosure, without the inclusion of identifying information about the victim and maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of Touro to provide the accommodations or protective measures.

The College does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

By only sharing personally identifiable information with individuals on a need-to-know basis, without the inclusion of identifying information about the victim, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of Touro to provide the accommodations or protective measures.

8.0 RETALIATION

Retaliation is any kind of reprisal, adverse action, or negative action taken against an individual because he or she has:

- ❖ Complained about alleged discrimination, harassment or sexual assault as defined above,
- ❖ Participated as a party or witness in an investigation relating to such allegations, or
- ❖ Participated as a party or witness in a proceeding regarding such allegations.

Retaliation can occur contemporaneously during the complaint process or subsequent to it, once the retaliator is aware of the recipient's participation in the process. Retaliation does not exist in the absence of an adverse action. An individual is protected from retaliation even when the complaint at issue is ultimately found to lack merit, as long as the complaint was made in good faith.

Touro does not allow, nor tolerate any conduct by any Touro member that may be regarded as retaliatory. Retaliation against any individual, whether said person submitted a complaint, will not be tolerated.

Upon the first instance of disclosure by a reporting individual to a Touro representative, the individual will be informed:

"You have the right to make a report to university police or campus security, local law enforcement, and/or state police or choose not to report; to report the incident to your institution; to be protected by the institution from retaliation for reporting that incident; and to receive assistance and resources from your institution."

Reporting individuals or bystanders who report an incident of sexual assault in good faith will receive amnesty for drug and alcohol use. The following is Touro's Alcohol and/or Drug Amnesty Policy:

“The health and safety of every student at the Touro is of utmost importance. Touro recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that violence, including but not limited to domestic violence, dating violence, stalking, or sexual assault occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Touro strongly encourages students to report domestic violence, dating violence, stalking, or sexual assault to institution officials. A bystander acting in good faith or a reporting individual acting in good faith that discloses any incident of domestic violence, dating violence, stalking, or sexual assault to Touro officials or law enforcement will not be subject to Touro’s code of conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the commission of the domestic violence, dating violence, stalking, or sexual assault.”

Employees, faculty and students who violate Touro’s policies may be subject to disciplinary action. Individuals, who retaliate against someone who files a complaint, or against a witness, representative, or advocate for a complainant, will be subject to further disciplinary action.

9.o. ASSISTANCE FOR VICTIMS: RIGHTS & OPTIONS

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the College will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. Such written information will include:

- ❖ the procedures victims should follow if a crime of dating violence, domestic violence, sexual assault or stalking has occurred;
- ❖ information about how the institution will protect the confidentiality of victims and other necessary parties;
- ❖ a statement that the institution will provide written notification to students and employees about victim services within the institution and in the community;
- ❖ a statement regarding the institution’s provisions about options for, available assistance in, and how to request accommodations and protective measures; and
- ❖ an explanation of the procedures for institutional disciplinary action

RIGHTS OF VICTIMS AND THE INSTITUTION’S RESPONSIBILITIES FOR ORDERS OF PROTECTION, “NO CONTACT” ORDERS, RESTRAINING ORDERS, OR SIMILAR LAWFUL ORDERS ISSUED BY A CRIMINAL, CIVIL, OR TRIBAL COURT OR BY THE INSTITUTION

Touro College complies with New York law in recognizing orders of protection. Any person who obtains an order of protection from New York or any reciprocal state should provide a copy to Campus Security and the Office of the Title IX Coordinator. A complainant may then meet with Campus Security to develop a Safety Action Plan, which is a plan for campus police and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but is not limited to: escorts, special parking arrangements, providing a temporary cellphone, changing classroom location or allowing a student to complete assignments from home, etc.) The College cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s).

The College may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. If the College receives a report that such an institutional no contact order has been violated, the College will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order.

It is very important that the victim preserve any proof or evidence of the criminal offense. Such incidents will be reviewed and investigated in an expedient and professional manner. The employee or student can also file a grievance as per Touro’s grievance policy described in the Administrative Handbook.

The federal laws require that both accuser and accused have the opportunity to object to Touro Participants as impartial.

PROCEDURES THE COLLEGE WILL FOLLOW WHEN A CRIME OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT AND STALKING IS REPORTED

The College has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The College will make such accommodations, if the victim requests them and if they are reasonable available, regardless of whether the victim chooses to report the crime to the Campus Security department or local law enforcement. Students and employees should contact Lydia Perez at 646-565-6000 x55134 or the Title IX Coordinator Elan Baram at 646-565-6036. The following Student Bill of Rights is a summary of many of the the procedures listed above in Section 5. Under this Bill of Rights all students have the right to:

1. Make a report to local law enforcement and/or state police;
2. Have disclosures of domestic violence, dating violence, stalking, and sexual assault treated seriously;
3. Make a decision about whether or not to disclose a crime or violation and participate in the judicial or conduct process and/or criminal justice process free from pressure by the institution;
4. Participate in a process that is fair, impartial, and provides adequate notice and a meaningful opportunity to be heard;
5. Be treated with dignity and to receive from the institution courteous, fair, and respectful health care and counseling services, where available;
6. Be free from any suggestion that the reporting individual is at fault when these crimes and violations are committed, or should have acted in a different manner to avoid such crimes or violations;
7. Describe the incident to as few institution representatives as practicable and not be required to unnecessarily repeat a description of the incident;
8. Be protected from retaliation by the institution, any student, the accused and/or the respondent, and/or their friends, family and acquaintances within the jurisdiction of the institution;
9. Access to at least one level of appeal of a determination;
10. Be accompanied by an advisor of choice who may assist and advise a reporting individual, accused, or respondent throughout the judicial or conduct process including during all meetings and hearings related to such process; and
11. Exercise civil rights and practice of religion without interference by the investigative, criminal justice, or judicial or conduct process of the institution.

If a report of domestic violence, dating violence, sexual assault or stalking is reported to the College, the College will follow the procedures above in Section 5.

APPENDIX B – TOURO COLLEGE AND UNIVERSITY SYSTEMS POLICY MANUAL POLICIES CONCERNING DRUGS AND ALCOHOL

1. POLICY

The United States Department of Education has issued regulations implementing the provisions of The Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226). In compliance with Federal Law and New York State Law, this policy includes information to ensure that all members of the Touro Community are aware of the dangers of substance abuse and to outline the sanctions for violating this policy.

Students, faculty and staff who distribute or use illegal drugs or illicitly use drugs which would otherwise be legal, including alcohol, while on Touro campuses, locations and facilities, or as part of any Touro activities, are violating Federal Laws, New York State Laws, and the policies and procedures of Touro. Violations of federal and state laws may lead to prosecution and criminal sanctions, including, but not limited to, fines and/or imprisonment.

Touro is committed to educating and informing students, faculty and staff about the dangers and effects of substance abuse. Touro recognizes that drug addiction and alcoholism are illnesses that may not be easily resolved and may require professional assistance and treatment.

Touro may provide confidential counseling and referral services to students, faculty and staff with drug and/or alcohol problems. These services are available through the Office of the Dean of Students, the Vice-President of the Division of Graduate Studies, and/or Human Resources. All inquiries and requests for assistance will be handled with confidentiality.

Touro College also has a Biennial Review that is used to document the progress made by Touro and also provide insight into how Touro's Alcohol and Drug policy and programs could be improved. A copy of that report can be found in the ASR as Appendix C.

2. PURPOSE

Touro seeks to safeguard the health and well-being of all members of Touro: students, faculty and staff. All members of Touro are accountable to know the law and to understand the policies and procedures of Touro.

3. PUBLIC EDUCATION STATEMENT ON ILLICIT DRUG AND ALCOHOL USE

In order to better educate students, faculty and staff, Touro wishes to provide all members of Touro with an education of the effects of substance abuse. The mind-altering substances to be discussed here are: marijuana, cocaine, heroin (and their derivatives); amphetamines (uppers); barbiturates (downers); hallucinogens; and alcohol. Many individuals take such drugs to escape from their problems; but doing so only creates more problems.

What are some of the health problems associated with drugs?

- ❖ The most obvious problems are death or severe organ damage (such as heart attack, respiratory arrest, damage to the liver and lungs, and stroke).
- ❖ The less obvious, though much more prevalent, problems of the mind and body are as follows:
 - Marijuana: Can cause short-term effects such as slow reflexes; increase in forgetfulness; alters judgment of space and distance; aggravate pre-existing heart and/or mental health problems; long-term health effects include permanent damage to lungs, reproductive organs and brain function; Can interfere with physical, psychological, social development of young users.
 - Cocaine (Crack): Can cause short-term effects such as impaired judgment; increased breathing, heart rate, heart palpitations; anxiety, restlessness, hostility, paranoia, confusion; long-term effects may include damage to respiratory and immune systems; malnutrition, seizures and loss of brain function; highly addictive.
 - Hallucinogens (PCP, LSD, ecstasy, DXM): Can cause extreme distortions of what's seen and heard; induces sudden changes in behavior, loss of concentration and memory; increases risk of birth defects in user's children; overdose can cause psychosis, convulsions, coma and death. Frequent and long-term use can cause permanent loss of mental function.

- Inhalants (nitrous oxide, amyl nitrite, butyl nitrite, chlorohydrocarbons, hydrocarbons): Can cause short-term effects such as nausea, dizziness, fatigue, slurred speech, hallucinations or delusions; may lead to rapid and irregular heart rhythms, heart failure and death; long-term use may result in loss of feeling, hearing and vision; can result in permanent damage to the brain, heart, lungs, liver and kidneys.
- Opiates/Narcotics (heroin, morphine, opium, codeine, oxycodone, china white): Can cause physical and psychological dependence; overdose can cause coma, convulsions, respiratory arrest and death; long term use leads to malnutrition, infection and hepatitis; sharing needles is a leading cause of the spread of HIV and hepatitis; highly addictive, tolerance increases rapidly.
- Sedatives: Can cause reduced reaction time and confusion; overdose can cause coma, respiratory arrest, convulsions and death; withdrawal can be dangerous; in combination with other controlled substances can quickly cause coma and death; long-term use can produce physical and psychological dependence; tolerance can increase rapidly.
- Tobacco (cigarettes, cigars, chewing tobacco): Can cause diseases of the cardiovascular system, in particular smoking being a major risk factor for a myocardial infarction (heart attack), diseases of the respiratory tract such as Chronic Obstructive Pulmonary Disease (COPD) and emphysema, and cancer, particularly lung cancer and cancers of the larynx and mouth; nicotine is highly addictive.
- Alcohol: Can cause short-term effects such as loss of concentration and judgment; slowed reflexes; disorientation leading to higher risk of accidents and problem behavior; long-term effects include risk of liver and heart damage, malnutrition, cancer and other illnesses; can be highly addictive to some persons.

Warning! AIDS: Users of needles who take any drugs run a high risk of contracting AIDS and hepatitis.

Warning! Addiction: This is the common denominator for all mind- altering substances. With its insidious onset, addiction often goes undetected until the user's life is in chaos. Addiction pervades one's life, overpowering one's ability to reason and to relate to others. Addiction ruins the user's life and the lives of those around him/her.

- ❖ College-level disciplinary action

Touro uses the following definitions for the above sanctions:

- ❖ **Possession:** Illegal holding or controlling of alcohol, drugs, or associated paraphernalia.
- ❖ **Use:** Illegal personal use of alcohol or drugs.
- ❖ **Abuse:** Repeated illegal use of alcohol or drugs, or use accompanied by other behavior, including but not limited to:
 - Disorderly, disruptive, or aggressive behavior that interferes with the well-being, safety, security, health, or welfare of the community and/or the regular operations of Touro
 - Engaging in or threatening to engage in any behavior that endangers the health, safety, or well-being of oneself, another person, or property
 - Physical violence (actual or threatened) against any individual or group of persons
- ❖ **Distribution:** Illegal sale, exchange, or giving of alcohol or other drugs to one or more persons. Factors to consider when determining Touro's response include, but are not limited to:
 - Health and wellness of the responsible student
 - Touro's interests
 - Impact on the Touro community
 - Type, quantity, and packaging of the substance
 - Number of persons to which the substance was distributed
 - Amount of revenue associated with the distribution
 - Existence of any other aggravating or extenuating circumstances
- ❖ **Warning:** A written reprimand putting the student on notice that he/she has violated the Code of Conduct and indicating that further misconduct may result in a more severe disciplinary action. A copy of this warning is placed in the student's folder.
- ❖ **Probation:** A student may be placed on disciplinary probation for a definite period of time. While on probation, students may not hold office in Student Government Organizations, Clubs or Societies or represent Touro in any capacity. Further violations while on probationary status will result in suspension or expulsion from Touro.
- ❖ **Counseling and Treatment:** A student's continued enrollment at Touro may be conditioned on his/her participation in counseling or treatment at outside counseling and treatment agencies. A student's failure to participate in such a program after being advised that his/her enrollment is conditional upon it, may result in other disciplinary sanctions.

- ❖ **Legal Action:** The Student Affairs Committee may recommend that students be turned over to law enforcement authorities for legal action. The final decision on referring student cases to the authorities is made by the Office of the President.

COLLEGE-LEVEL SANCTIONS:

Service to College Community: Student must complete a designated number of hours of service to the Touro community. Service hours cannot interfere with the individual's course schedule.

Disciplinary Probation: Exclusion from participation in specified privileges or University programs and activities as set forth in the notice of disciplinary probation for a designated period of time.

Restitution: A student may be required to pay restitution to Touro or to fellow students for damages and losses resulting from his/her actions.

Suspension: At any time during a student's enrollment at Touro he/she may be suspended and barred from attending classes for a definite period, not to exceed two years. Notification of the suspension will appear on the student's academic transcript and will remain until the end of the suspension period. A notification of the suspension will remain in the student's file. A student may not be automatically enrolled at the end of his suspension He/she must apply to the office of the Dean for re-enrollment.

Expulsion: This is termination of the student's enrolled status at the college. A student who is expelled from the college is not permitted to complete his courses and may not re-register for a future semester. Notification of the expulsion will appear on the student's academic transcript.

FOR FACULTY AND STAFF MEMBERS:

Each faculty and staff member of Touro is expected to abide by Touro's policies for maintaining a drug-free workplace. The policy statement on drug abuse pertaining to students also applies to faculty and staff. Furthermore, all faculty and staff are required to notify the Dean of Faculties or the Director of Human Resources of any criminal conviction relating to his or her own drug activity within five (5) days of such conviction. Faculty and staff (part-time or full-time) who violate Touro policies on drugs and controlled substances may be subject to disciplinary sanctions, or other sanctions, as follows (sanctions need not be progressive):

- ❖ **Censure:** A written reprimand, outlining the violation(s) of Touro's policies, may be placed in the personnel file of individual violators.
- ❖ **Probation:** Faculty and/or staff may be placed on probation for a definite period of time up to a maximum of one year. In such instances, individuals may be required to enroll in a therapeutic counseling or treatment program.
- ❖ **Suspension:** Faculty and/or staff may be suspended from employment without pay for a period of time ranging from seven days to a maximum of one year.
- ❖ **Termination of Employment:** Faculty and/or staff may be dismissed from employment upon written notice by the Dean of Faculties, the Vice President of the Division of Graduate Studies or the Vice President for Administration.
- ❖ **Legal Action:** Faculty and/or staff may be turned over to law enforcement authorities for criminal prosecution and legal action.
- ❖ In both cases for students and faculty and staff, the existence of a tiered system of disciplinary sanctions measures does not preclude Touro from levying a heavy sanction, without first resorting to a lesser sanction. By way of illustration and not exclusion, Touro may expel a student or terminate a staff member for a violation of policy without first issuing a warning or putting that student or employee on probation.

5. REGULATIONS ON ALCOHOL USE/ABUSE

The following regulations apply to students, faculty and staff of Touro:

- ❖ The consumption of alcoholic beverages by individuals under the age of 21 is illegal.
- ❖ All persons are prohibited from consuming alcoholic beverages on the premises of Touro (unless at an event specifically sanctioned by Touro Administration in writing), or entering or remaining on Touro premises in an impaired state.

- ❖ Any student, who falsely represents himself/herself at a sanctioned Touro event as being of age to consume alcohol, may be subject to disciplinary action as outlined in the Code of Conduct.
- ❖ Any faculty and/or staff member of Touro who provides alcohol to a minor on Touro premises shall be subject to full penalty under the laws of their respective state.
- ❖ Forcing any student or faculty member to consume alcohol and/or drugs for the purpose of initiation into or affiliation with any Touro sanctioned organization is not permitted.
- ❖ Alcoholism, while it may be a disability, does not excuse any faculty and/or staff member of Touro from violating a legitimate Touro policy or neglecting their responsibilities to Touro. Individuals whose work performance is impaired as a result of the use/abuse of alcohol may be required to participate in an appropriate evaluation/treatment program and may, in certain circumstances, lead to sanctions against that individual. If you are an alcoholic, you may self-identify to the Dean of Students or Human Resources, as the case may be, and request confidential counseling and/or referral services to help with your problems. All inquiries and requests for assistance will be handled with strict confidentiality.
- ❖ Touro observes the culpability laws for serving drinks to the mentally-impaired and to individuals who are already inebriated. Some signs that may indicate if a person is inebriated may be the smell of alcohol on their clothes, impairment to speech, mood changes, slowed reflexes, or impairment of coordination.

NOTE: Mothers who drink alcohol during pregnancy may give birth to infants with irreversible physical abnormalities and mental retardation. Research shows that children of alcoholic parents are at greater risk.

6. CRIMINAL SANCTIONS FOR ALCOHOL MISUSE

Persons giving or selling alcohol to someone under 21 years of age are committing a Class A misdemeanor punishable in New York State by up to a year in jail or a \$1,000 fine. If you are under the age of 21, you are prohibited from possessing alcoholic beverages with the intent to consume them. Each violation is punishable by a fine not to exceed a \$50 fine and/or completion of an alcohol awareness program. You can be fined up to \$100 and/or required to perform community service not to exceed 30 hours for your first violation of being under 21 and presenting falsified proof when purchasing or attempting to purchase alcoholic beverages. For your second violation you may be fined between \$50 and \$350 and/or be required to complete community service not to exceed 60 hours. You can have your driver's license suspended for 3 months if you are under 21 and use a driver's license to try to purchase alcohol illegally upon your first violation. After your second violation your driver's license may be suspended for 6 months. For a third violation your driver's license may be suspended for 1 year or until the violator reaches the age of 21, whichever is greater.

7. SUBSTANCE ABUSE SELF-IDENTIFICATION AND AMNESTY

Touro recognizes that, sometimes, there may be health or safety emergencies related to the use of drugs or alcohol in which the potential for disciplinary action by Touro may deter students who want to seek assistance for themselves or for another member of the Touro community. In such instances, the health and safety of the at-risk student will be Touro's top priority. Therefore, should a student, or another individual on behalf of that student, voluntarily come forward seeking assistance in a situation involving the over-consumption or abuse of drugs and/or alcohol, Touro's student conduct response to the over-consumption/abuse will be, first and foremost, focused on medical treatment, counseling, and/or educational interventions. However, Touro reserves the right to address any associated acts that compromises the well-being of its community and its members, such as harassment, violence, damage, harm to self or others, or distribution of illegal substances, on a case-by-case basis as deemed appropriate and necessary.

Reporting a Personal Concern: Students who have concerns about their use of alcohol and/or other drugs, or students who are concerned of such use by a friend, are encouraged to seek assistance through one of Touro's support services. Confidentiality in these circumstances may be protected in compliance with Touro policy and applicable law (e.g. FERPA, HIPPA, etc.).

8. CRIMINAL SANCTIONS FOR ALCOHOL MISUSE

Many different mutual and self-help programs are available near Touro campuses. Although most programs

are abstinence-based and follow the 12-step approach, there are also programs that support moderation and a goal and/or do not use 12 steps. Some of the programs listed below may have a religious affiliation; others may merely use spirituality as part of the program. Meeting times and locations are available upon contacting the corresponding phone numbers or websites. Each meeting is somewhat different from any other, even within the same program, both in terms of structure and participants. Many people find it helpful to explore different options.

APPENDIX C – BIENNIAL REVIEW OF TOURO COLLEGE – ALCOHOL AND DRUG PROGRAMS: 2014 – 2015

OVERVIEW

The Drug Free Schools and Communities Act requires, as a condition of receiving any federal funding or other financial assistance, that an institution of higher education certify it has adopted and implemented a program to prevent the unlawful possession, use or distribution of illicit drugs and alcohol for students and employees on school premises and as a part of its activities. Touro College (“Touro” or “College”) is in compliance with the Drug Free Schools and Communities Act and continues to conduct a biennial review on the effectiveness of its alcohol and other drug programs and services.

Touro provides comprehensive alcohol and other drug prevention initiatives, programs and services that focus on policy, environmental management, education, intervention, prevention, research and assessment. In addition, in accordance with federal law, the Office of Campus Security and the Office of Institutional Compliance annually provide every employee and student with an “Annual Crime Statistics and Fire Safety Report” email notification that includes the following (as required by 34 CFR 86.100):

- ❖ Standards of conduct that prohibit the unlawful possession, use or distribution of illicit drugs and alcohol on school property or part of school activities.
- ❖ A description of the applicable legal sanctions under federal, state or local law for the unlawful possession or distribution of illicit drugs and alcohol.
- ❖ A description of the health risks associated with the use of illicit drugs and abuse of alcohol.
- ❖ A description of counseling and treatment programs available to students and staff.
- ❖ A clear statement and description of the disciplinary sanctions Touro will impose on students and employees.

This Annual Crime Statistics and Fire Safety Report is available year-round to students, staff and employees at:

<https://www.touro.edu/departments/campus-security-department/clery-reports/2015AnnualSecurityandFireSafetyReport.pdf>

It is the goal of Touro to produce a Biennial Review that would be used to document the progress made by Touro and also provide insight into how Touro’s Alcohol and Drug policy and programs (“ADP”) could be improved. The 2015 Touro Biennial Review meets two objectives:

1. Determines the effectiveness of the ADP programs at Touro and outlines any changes that the institution has made (if necessary)
2. Analyzes the disciplinary sanctions imposed by the institution and ensures that they are consistently enforced.

A hard copy of this Biennial report is also maintained on file with Director of Campus Security that can be provided to the U.S. Department of Education, as requested.

POLICY

Touro is committed to educating and informing students, faculty and staff about the dangers and effects of substance abuse. Touro recognizes that drug addiction and alcoholism are illnesses that may not be easily resolved and may require professional assistance and treatment. As such, Touro provides its ADP to all students and employees. This policy is reviewed and updated annually.

The entire ADP is included in the Annual Security and Fire Safety Report. It is available year-round to students, staff and employees at:

<https://www.touro.edu/departments/campus-security-department/clery-reports/2015AnnualSecurityandFireSafetyReport.pdf>

In addition to the Annual Security and Fire Safety Report notification described above, students and employees may be made aware of Touro’s drug and alcohol policies during New Student/New Employee orientation, as well as during other activities and events throughout the year. During New Student/New Employee Orientation program students and employees are educated about campus drug and alcohol policies.

The student presentation includes, but is not limited to:

- ❖ Possession of alcoholic beverages, illegal narcotics or improper use of prescription drugs is strictly prohibited on Touro campuses and at any College function (on or off campus).
- ❖ Alcoholic beverages or illegal narcotics may not be sold on the campuses of Touro for any purpose.
- ❖ Alcoholic beverages may not be served to Touro students as part of College-sponsored events or non-official activities connected with the College- except for sacramental purposes.

The employee presentation, created by the Office of Institutional Compliance, includes, but is not limited to:

- ❖ Notice that Touro is a Drug-Free and Smoke-Free workplace;
- ❖ Prohibition on the use of substances that impair a person’s ability to perform his or her job responsibilities;
- ❖ Notification that the sale, manufacture, possession or use of illegal drugs on the College property and campuses is strictly prohibited

EDUCATION, INTERVENTION & PREVENTION

Touro provides many different avenues for students and employees to receive education and counseling about alcohol and other drug issues. In addition to campus resources such as Advisors for students and the Employee Assistance Program (EAP) for Employees, Touro also provides students and employees with information about and referrals to the following support, education and/or treatment community resources: Alcoholics Anonymous, Al-Anon/ACOA (Adult Children of Alcoholics), Marijuana Anonymous, Narcotics Anonymous and other local and regional treatment providers. Campus and community members also work together to implement environmental risk management strategies to reduce the harmful consequences of drug and alcohol use.

POLICY ENFORCEMENT

As seen in the chart below, Touro has steadily had little to no drug or alcohol related violations over the past few years. Based on this data, Touro has determined that its current Drug and Alcohol policy and programs are inherently effective. In adherence with Touro’s disciplinary sanctions students have either been suspended from their housing facility, suspended from Touro for one year, placed on disciplinary probation and have been required to take a counseling and treatment program, or have been expelled. That being said, Touro reviews its policies and sanctions on an annual basis to determine whether industry standards and best practices are being adhered to.

	2014	2015
On campus

RECOMMENDATION

Touro has encountered minimal violations related to drugs or alcohol and the disciplinary sanctions for violations of campus drug and alcohol policies are sparse. As such, the sole recommendation based on the data above is to increase the number, frequency and methods of delivery for training opportunities for students, faculty and staff. While Touro participates in numerous training modules and events which are intended to educate the college community, increasing the number and frequencies of these programs while offering them in mediums which the students can gain access to easier will inherently foster a safer and more compliant atmosphere.
